

White Lake Township Building Department

FINAL GRADING CERTIFICATE

Address:

Building Permit #:

Builder:

Contact Name & Phone Number:

This final grade certificate must be accompanied by a plot plan with as-built elevations and locations. As-built elevations shall specifically display the following (at a minimum):

- All property corners
- High points along property lines
- All house corners
- Adjacent house corners
- All on-site structure rims
- Along swales at a minimum of every 25'
- Top of curb elevations adjacent to front property corners
- Finish floor/first floor elevation/garage finished floor
- Low point grade 10' from all building corners
- Blue 4x4 marker remains in place at water service valve

We, the undersigned civil engineer or surveyor, hereby certify that the grading of this property

1. Is in compliance with approved plot plan grades;
2. Meets standards established by Township ordinances that pertain to drainage and grading;
3. Has positive drainage in the directions indicated on the approved plot plan.
