# About Dublin

The grand opening of the Dublin Community Center took place on May 17th, 1947. At the time, members of the Dublin School Parent Teachers Association and the school board felt the youth of the area needed recreational and social activities within the area. A general public meeting was held and a constitution was adopted the name of the Dublin Community Center was chosen and officers were elected. Membership was open to anyone who was interested in bettering the community through wholesome recreation and education (Pontiac Daily Press, 1947).

Over the years, the Dublin center has grown and evolved into the wonderful senior center we know and love today, offering lots of on-going programming and events for our 50+ community throughout the year.

The Dublin Community Senior Center in cooperation with White Lake Township and the White Lake Township Senior Advisory Council offers quality programs and services for adults fifty years of age and older.

All social, educational, physical and supportive programs and services are designed to enhance the quality of life and maintain the independence and dignity of our participants.

The Dublin Community Senior Center thrives on empowering seniors to celebrate living.
