June 7, 2021

At the Senior Advisory Council meeting on June 7, 2021 the council voted unanimously to recommend that the Board of Trustees appoint Sue Lee to replace Marilyn Bock to a two-year term on the Senior Advisory Council. The term would be from June 2021 – June 2023. If you have any further questions, please feel free to contact me at 248-698-2394.

Respectfully Submitted, Kathy Gordinear- Director

## Fire Department

Charter Township of White Lake

7420 Highland Road, White Lake, MI 48383 Tel 248-698-3993

## May 2021 Incident / Activity Summery

Total Calls for Service...... 249

### Incident Response breakdown

Medical/Rescue..... 173

Hostile Fires (Structure, Vehicle, Brush and Other)..... 10

Hazardous Conditions..... 6

Public Service (lift or other citizen assist)..... 36

Mutual Aid –

- Given..... 2
- Received..... 8

Other Incidents (good intent, false alarms)..... 24

### Activity Summery

Key box / safe access program..... 2 installed

Childs seat Installation, Inspection, Assistance..... 1

Fire Department Hospital Transports..... **5**, Reason - STAR EMS (private ambulance service that provides Advanced Life Support to White Lake Township) not available or lengthy response times.

Plan Reviews..... 6

Additional Comments: Mock "car crash" at Lakeland high school. The vacant house owned by the township on Elizabeth Lake Rd, has provided numerous training opportunities for each shift. We are planning a live burn evolution soon (man power permitting).

John Holland Fire Chief

## Community Development Department Report

June 2021

Dear Township Board Members,

During the month of May, the department continued working with The Chesapeake Group and River Caddis, the Township's development partner, on the Civic Center area. We are working with them to take the next steps toward developing a collaborative plan for this area. That process will include significant public input over the coming months. We will also begin the annual update of the Township's CIP (Capital Improvement Plan) later this month. The 2020 Census data should be fully available soon, and will be pulled into this CIP update.

We continue to work on many active projects around the Township. We have a parcel moving through the rezoning process that will be on your June agenda for final consideration. The Preserve at Hidden Lake has requested some minor site plan modifications will be requested for their second phase, which are before you this month and include a reduction of a 23-units. The approval of the design for the Triangle Trail will be considered by the Parks & Recreation Committee and will be on your agenda this month for action. This cost will be almost entirely covered by a grant that the Township recently received. A new Taco Bell is proposed for one of the Meijer outlots and is currently under preliminary review, as is the site plan for the southwest corner of M-59 and Elizabeth Lake Road.

As for approved projects, both building and site construction continue to move forward at the 4-Town Square (4 Corners) project. Centerpointe Plaza (on M-59) is nearing completion on their building and site. The Preserve at Hidden Lake project continues to build homes rapidly and has begun clearing for the second phase of their project. The Trailside Meadow project is continuing with home construction and the second phase of their site construction will soon begin. The New Hope White Lake assisted living project continues to make progress on their site work and building construction. The Eagles Landing single-family residential project has received final approval and is moving forward with construction.

Please find included in this monthly report the parks and recreation update as well as the permit and inspection activity report for building. If you have any questions or require any additional information from the Community Development Department, please contact us.

Respectfully,

Sean O'Neil

### Parks and Recreation June 2021

Dear Township Board,

The Community Foundation for Southeast Michigan has provided \$50,000 to White Lake Township from the Ralph C. Wilson, Jr. Legacy Funds for the grant application submitted to design the remaining mile of the Township Triangle Trail. On your June meeting agenda is a request to approve the DLZ proposal for the design work.

A tick control application was completed at Stanley Park. Another application may be completed if needed. Bloomer Park may also receive a tick control application. Ticks are supposed to be bad this year. Free tick and insect repellent is available for residents at Township Hall. An anonymous donor has purchased one of the six picnic tables for Stanley Park. The tables are expected to ship late June. A clean-up day was held at Stanley Park on May 15. We had volunteers from Lakewood Village and the Parks and Recreation Committee.

A summary of some of the other park maintenance activities this spring include: new basketball nets installed at Hawley Park, bush trimming at Vetter Park, minor repairs to the Hidden Pines Park parking lot, and weed killer treatment around the ball field at Hidden Pines Park. The parks are used often and well maintained. Our pavilions are also being frequently rented, as well as the ballfield at Vetter Park.

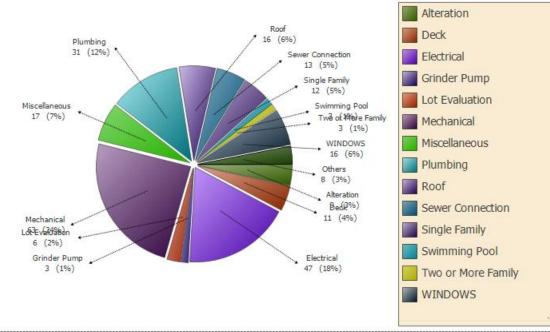

If you have any questions, please contact me.

Sincerely,

Justin Quagliata

Justin Quagliata Staff Planner

#### CHARTER TOWNSHIP OF WHITE LAKE Unapproved Minutes of the Special Board of Trustees Meeting April 28, 2021

Supervisor Kowall called the meeting to order at 6:00 p.m. The meeting was held via Zoom video conferencing. He then led the Pledge of Allegiance.

Clerk Noble called the roll:

- Present: Rik Kowall, Supervisor present in White, MI Anthony L. Noble, Clerk – present in White Lake, MI Mike Roman, Treasurer – present in White Lake, MI Scott Ruggles, Trustee – present in White Lake, MI (arrived late) Liz Smith, Trustee – present in White Lake, MI Andrea C. Voorheis, present in White Lake, MI Michael Powell, Trustee – present in White Lake, MI
- Also Present: Sean O'Neil, Planning Director Jennifer Edens, Recording Secretary

#### AGENDA

It was MOVED by Clerk Noble, SUPPORTED by Trustee Powell to approve the Agenda. The motion PASSED by roll call vote (Powell/yes, Smith/yes, Kowall/yes, Roman/yes, Voorheis/yes, Noble/yes).

#### **PUBLIC COMMENT**

No public comment.

#### CONSIDERATION OF CIVIC CENTER DEVELOPMENT COMMITTEE RECOMMENDATION

Supervisor Kowall reminded that the Township has been going through the Civic Center Development Committee (CCDC) for some time now. He thanked all the CCDC members, Director Sean O'Neil, and Howard Kohn.

Director O'Neil echoed Supervisor Kowall's comments and noted that he is proud of where this is now and is excited for the future. He shared that on the 21<sup>st</sup> of April the CCDC met with Howard Kohn to discuss his recommendation and reviewed what he referred to as the "picture worth a thousand-word concept drawing", which is a a very conceptual and not the plan they built, but a starting point for the discussion. He indicated that tonight the CCDC submits its recommendation to the Board to move ahead with River Caddis to come up with a project plan and budget. The group understands that the conceptual is not where this will end up but again a beginning. He looks forward to working with the CCDC and hopefully a future partner, the Board, and the public regarding this. He believes the public, going forward, will play a critical part in this with a potential open house forum.

Howard Kohn wants the Board to remember what the Committee did was evaluated the entire body of the evidence since the beginning of the process; from the submission of the RFQ being put together to the responses to the RFQ. He shared that there were a lot of comments and a definitive conclusion from that process and assuming the Board approves the Committee recommendation, a developer agreement will need to be created that will include timeframes with extensions built in, a fiscal analysis focusing on the public buildings and infrastructure, and a work session between the CCDC and River Caddis to explore the conceptual framework more. He furthered that an external and internal charrette will need to be set up where the Committee and some of the Board sit around a table with a sketchpad and go forward. These are things he sees happening from this point.

Supervisor Kowall believes this is very interesting to watch this go from the beginning to this point. It has been nearly two-years since this started and COVID slowed the process a little bit. None the less after exploring ideas and spending time with the presenters it seems to be that the unanimous consensus from the CCDC is to move forward with the River Caddis Group. They felt that they were much more in tune with the Township's vision or at least working in the direction where they could develop a vision thereof. The mixed use was a very important factor. The Township is now at a point of designing charrettes and when appropriate regarding the financial end of it, Supervisor Kowal will be in contact with the township attorney, Clerk Noble, and a specialized group of attorneys who handle these types of things. He noted that they are trying to look out for the both the publics and Township's best interest as well as public safety.

Supervisor Kowall reminded that the recommendation from the CCDC was to move forward and establish a relationship with the River Caddis Group.

Trustee Powell questioned if the Township needs to go in two separate directions with timing. He can see the CCDC moving ahead with joint meetings with River Caddis in solidifying and doing a charrette/meeting for a more insightful/creative plan. He is not convinced that the CCDC should have or would have any desire to have any part of contractual negotiations. He further questioned if the specialty attorneys will input on the financial end of things.

Supervisor Kowall interjected that the CCDC will not be part of negotiations and that it would strictly be a Board matter. The CCDC is strictly a committee to make suggestions to the Board, to which the Board makes the final decisions.

Clerk Noble shared that he and Supervisor Kowall met with a specialized law firm that specialize in two parts:

- Structuring of the deal. There is one attorney has over forty-years of experience in this area. He indicated that the Township is coming into a partnership, one like a marriage. He stated that they are in the business to make money and the Township is in the business to save money.
- Structuring the law with real estate. The other attorney is an expert in this area.

He feels very comfortable with this law firm. He has done background research on them and they have done major deals with investment groups in Detroit and surrounding areas. He thanked both groups for their presentations. He also thanked the Committee for handling it the way they did. He thinks the right decision was made.

Treasurer Roman noted that no one needs to be a brain surgeon to understand if the Township can structure a good deal or a bad deal. Simply put whatever deal comes to the Township, he would approach it by looking at cash out less the cash in. That would be the cash out stream, discount it to a present value today and determine whether that number makes sense. If the present value of cash flows that are going to go out for the Township to get a building, for example \$30 million, but we know it can be built for \$20 million, then it might not make sense. He thinks that is the way it must be looked at.

Trustee Powell believes there is another angle that is not as accounting driven, is that there is a cost value of the property and that value is based on what the Township purchased it at. However, developers buy property like that all the time and then market it up because it is now worth more to them after they buy it. He continued that once you put a plan together it is worth even more because of the effort put into it. Once the plan is approved it is again worth even more. Every step along the way the land value increases. He questioned at what point does the Township get the equity of the developer making profit on what the Township is doing. The goal is for the Township to get as much for that as it can so it can build the building for as little out of pocket as possible.

Treasurer Roman loved what Trustee Powell stated and couldn't agree more. The Township needs to negotiate whatever it is now, to get what it wants. The value of the property will go up and the fact that this truth exist should come back to the Township in the form of a lower costs to the Township.

Supervisor Kowall indicated that is the ultimate plan and there are several different avenues the Township can go down. Some that are more advantageous than others; land lease being the most advantageous for the Township. Not only would it provide a steady stream of revenue, but a tax base for the land and buildings built on the property. He noted that there is no pro forma yet and these are things that will be explored. He indicated that the Township would ask River Caddis to sit down and create a pro forma based on the current property, where the Township thinks it will be, what the maximum square footage will be, and yields in certain areas. He further stated that all these things will change as the design comes together. The Township needs to continue forward to get to conceptual design. The Township has an understanding of what the community wants and there will be a point to determine how to make it fiscally responsible. In the end the Township will defer as much as possible. He thinks getting into the weeds of it right now is premature. He compared it to a math equation; the Township needs X to figure Y to the Z. We have a concept on how to get there. He and Mr. Noble will continue explore and consult Mr. Roman and divulge all this information to the Board so that decisions can be made. He thinks it unrealistic to think that the Township can defer all the costs but could defer quite a bit of it. He opined that ultimately it will be creating an area that one might not be able to put a dollar value on it i.e., trails that will connect the library or Stanley Park), but the quality of life will improve in the community. He hopes that the Board will be of like mind and approve River Caddis as a potential partner.

Clerk Noble thinks there are a lot of moving mechanics involved in this partnership. He believes the Township is scouting and picking a team. They are interviewing and finding the best option to make the team successful. He noted there have been some great ideas regarding the visioning session and that they are moving the ball down the field and are on track.

Trustee Ruggles asked what happens in the event that the Township is not happy, specifically he asked if there is an exit plan.

To which Supervisor Kowall indicated there is always an exit strategy, but that the Township needs to make a commitment that the Township is going to move forward with their proposals and working through design mechanics further. He stated that no one is going to dance with the Township unless they have a ticket and that no one will come in and spend \$100,000 plus on a development doing preliminary work without a commitment from the community. The level of commitment that the Township will make will take it through the design stage and proforma stage.

Trustee Ruggles indicated that it seems to him that they have a lot of work to do on the design. He feels that it was as if the visioning sessions were ignored.

Supervisor Kowall stated that depending on how you look at it, one party completely ignored it and one party partially reinterpreted what their vision was of what the Township wants to do.

Trustee Ruggles is hopeful that regarding the ability to exit that there be an option that is clean for the Township.

Sean O'Neil indicated that the Township is focusing on more of trying to get a partnership off the ground and not hoping for an exit strategy for either party, because it does work both ways. He noted that the Township needs a partner in order to move forward and the partner will need the Township. He believes that is the angle to approach it with. River Caddis wants a true partnership and wants to start working with the Township. He noted this is just a plan to get a discussion going, a beginning of a full-blown process of making sure there are certain elements of design that the Township is going to need and certain elements the developer will want as well. He hopes the visions can align. He clarified that it was made very clear to the developers that the Township was looking for something very rough, very conceptual because it didn't want them to spend a lot of time or money at this point. He wouldn't be very concerned with what they have seen so far it is just a beginning of a conversation. He is optimistic that they can get where the Township wants to be by starting this conversation.

Howard Kohn thinks that the Township shouldn't be looking at the idea that they will be on a different page than somebody else. Both entities are looking to maximize their return and minimize their cost. To address Trustee Ruggles concern he indicated that it wasn't just the concept, it was the full body of evidence with the conclusion being which one to move forward with. There is always an exit that is very clean to the jurisdiction.

Trustee Smith shared that she was disappointed in both drawings and found them very underwhelming. She would have like to be wowed and would have liked them to be more unique and specific to their vision. She agrees that River Caddis is the best out of the two and that they did have her sold with their verbal presentation until she saw their drawing. She opined that it could not have been more average. She would have preferred they put their best foot forward and if this was it, it causes her pause and concern. As a whole package she is not concerned, just this stage. She would like specific language regarding a clean exit if the Township finds themselves unhappy. She thanked the Committee and Mr. O'Neil and she looks

Page 5 of 6

forward to it being a collaboration. She thinks the Board is fiscally responsible and knows that when there it will be worked out at the appropriate time. Moving forward she would like to see this come back to the Board very often for continued input, checks and balances, and collaboration.

Howard Kohn indicated that both parties were given very specific direction to not spend a lot of money, to simply do a quick and dirty, and throw it out on the field. When you look at the differences irrespective of the content, one was just the site and one was mixed use. In response to the comments that there were only squares and rectangles, he reminded that it is what the Township was looking for at this point. He indicated they wanted to know if they grasped the concept and that it fiscally responsible. He continued that the Township was looking to see what they thought could be done with the acreage and if it made sense to be mixed use. He shared that when you look at the concept one met that criteria and one did not.

Trustee Smith acknowledges that the Township did not want them to have extra costs to scratch the surface, but she still expected the scratch to be more impressive. She is in favor of moving forward with them.

Supervisor Kowall feels they were by far more creative and the better selection.

Clerk Noble stated this is a start of a relationship and that it needs to move forward tonight. Just as the Township must have faith in them, they must have faith in the Township.

Trustee Powell stated the Township is now in the development seat, which it has never been in before. It owns property that it is looking to develop. He shared if developing were easy, everyone would be a developer. He stated that the Township needs the experts and consultants. There are certain realities that the Board needs to understand. He has a client that has over a quarter of million dollars into a piece of property that must be approved by the community and they aren't buying it. His client is now faced with a decision of is it time to cut and lose the \$250,000. The reality as a developer is that the Township must pay consultants like River Caddis. There will be costs and he doesn't want anyone to be surprised by that. He believes this is very important and should not be entered into lightly. It is like a marriage.

Supervisor Kowall shared a quote, "marriage is a grand, divorce is a couple hundred grand".

Clerk Noble indicated that the Township must be represented by the best and that it has a responsibility to protect itself and that he won't settle for mediocre. This is a starting point and the Township can move forward cautiously. He opined that the it could be \$100,000 for just site plan work. He airs on the side of caution and believes they are picking an expert or the best team to represent the Township.

Trustee Smith thanked Gershenson as they will continue to be a good neighbor to the Township and a support system to the area. She does not want to burn any bridges with them and thanked them for their time and expertise.

Trustee Ruggles appreciates the time and effort of the Committee. He reminded of what Terry Lilley used to say, "If you're not going to listen to the committee, then what is the point of the committee at all." He will agree with what the Committee proposed and thanked them for their time.

# It was MOVED by Clerk Noble, SUPPORTED by Trustee Powell to engage River Caddis in further discussion and execution of the civic center development area. The motion PASSED by roll call vote (Ruggles/yes, Smith/yes, Roman/yes, Noble/yes, Voorheis/yes, Kowall/yes, Powell/yes).

Supervisor Kowall thanked the Board for being available for tonight's special meeting. He assures the Board that they will be kept advised. He appreciates Trustee Powell for his insight. He noted that Trustee Powell has an engineering background and that he himself has a construction background. He noted that the Board does have some experience, but not all the necessary experience. He further stated that River Caddis operates on their reputation. It is more important to them to not only have a financial gain on this, but to build a relationship and rapport with the Township so that they can move on to the next community with a positive evaluation.

#### ADJOURNMENT

It was MOVED by Supervisor Kowall, SUPPORTED by Trustee Voorheis to adjourn. The motion PASSED by roll call vote (Voorheis/yes, Noble/yes, Roman/yes, Powell/yes, Kowall/yes, Smith/yes, Ruggles/yes).

#### Meeting adjourned at 6:44 p.m.

I, Anthony L. Noble, the duly elected and qualified Clerk of the Charter Township of White Lake, County of Oakland, State of Michigan, hereby certify that the foregoing is a true copy of the April 28, 2021 special board meeting minutes.

Anthony L. Noble, Clerk White Lake Township Oakland County, Michigan

#### CHARTER TOWNSHIP OF WHITE LAKE Unapproved Minutes of the Special Board of Trustees Meeting May 11, 2021

Supervisor Kowall called the meeting to order at 5:32 p.m. The meeting was held in person. He then led the Pledge of Allegiance.

Clerk Noble called the roll:

- Present: Rik Kowall, Supervisor Anthony L. Noble, Clerk Mike Roman, Treasurer Scott Ruggles, Trustee Liz Smith, Trustee (Arrived Late) Andrea C. Voorheis, Trustee Michael Powell, Trustee
- Also Present: Douglas Santiago, Deputy Clerk Catherine Derocher, Human Resource Manager Daniel T. Keller, Police Chief John Holland, Fire Chief Brandon Fournier, Township Labor Attorney

#### AGENDA

It was MOVED by Trustee Powell, SUPPORTED by Trustee Ruggles to approve the Agenda. The motion PASSED by roll call vote (Kowall/yes, Noble/yes, Roman/yes, Ruggles/yes, Voorheis/yes, Powell/yes).

#### FYI

#### A. HURON VALLEY COMMUNITY COLLABORATION MIP STICKER PROGRAM

Chief Keller addressed the Board and updated them on the MIP (Minor in Possession) Sticker Program. He stated that the Police Department in cooperation with Huron Valley Community Collaboration had reach their goal with the MIP Sticker Program. He stated that they were able to distribute two thousand labels used for marking alcohol product in Liquor and Gas Stations throughout the Township.

#### **NEW BUSINESS**

#### A. CONSIDERATION OF REQUEST TO PURCHASE PATROL VEHICLES

Chief Keller requested funding in the amount of \$97,545.00 to cover the bid to purchase three new 2021 Dodge Durango Police Cars from Szott Dodge. He requested the Board approve \$98,000.00 to cover any minor unforeseen overages. Chief Keller stated the police department is looking at the Dodge over the Ford as Dodge is offering same or better product from a local dealer and that Szott was the lowest accurate bid. Chief Keller added that Szott was offering to enter into a community partnership with the Township and offered to provide routine maintenance such as oil changes, tire rotations, filters as well as priority service at no cost to the Township if they Township allowed Szott to display a joint logo decal on the police vehicles. Chief Keller indicated that this type of partnership has been done by other communities and that it would save the Township thousands of dollars over the life of the vehicles. He indicated he thought it would be a win-win for the Township but that ultimately it was up to the Board.

Treasurer Roman stated he is against advertising on police cars and that other businesses that are not permitted to advertise should be a consideration.

Supervisor Kowall advised that it is done in other communities and cited the Community Partnership WOTA has with businesses.

Trustee Powell stated he was in favor of such a Public-Private partnership. He stated that this partnership with Szott does not exclude other businesses from having opportunities for such partnerships. For example, a flower shop could donate flowers to a local cemetery if they so choose.

Trustee Ruggles inquired as to the savings amount and stated he opposes the decal.

Treasurer Roman commented that Szott wasn't even the lowest bid. Police Chief Keller responded that they were in fact the lowest qualified bidder.

Trustee Voorheis stated since it has been done in other communities, she thought it was ok as long as it was not obnoxious. Trustee Powell agreed and stated he did not want a bright orange sticker.

Trustee Smith stated she was against advertising on a Public Safety vehicle.

Clerk Noble commented that stickers that advertise accreditation already go on police vehicles.

It was MOVED by Trustee Powell, SUPPORTED by Trustee Ruggles to authorize the police department request to purchase three new Dodge police patrol vehicles from Szott M-59 Dodge at a total cost not to exceed \$98,000.00 dollars. The motion PASSED by roll call vote (Kowall/yes, Noble/yes, Roman/yes, Ruggles/yes, Smith/yes, Voorheis/yes, Powell/yes).

#### B. REQUEST TO ALLOW SZOTT DODGE TO PLACE STICKERS ON NEW POLICE VEHICLES

The request failed by a show of hands.

#### **CLOSED SESSION**

#### A. MOTION TO RECESS INTO CLOSED SESSION TO CONSIDER CLIENT COMMUNICATION EXEMPT MATERIAL IN ACCORDANCE WITH MCL 15.268(h).

It was MOVED by Supervisor Kowall, SUPPORTED by Trustee Roman to recess into closed session to consider material exempt from discussion or disclosure by State or Federal statue-Attorney

Client Communication in accordance with MCL 15.268(h). The motion PASSED by roll call vote (Kowall/yes, Noble/yes, Roman/yes, Ruggles/yes, Smith/yes, Voorheis/yes, Powell/yes).

Moved into closed session at 5:49 p.m.

It was MOVED by Supervisor Kowall, SUPPORTED by Trustee Powell to return to open session. The motion PASSED by roll call vote (Kowall/yes, Noble/yes, Roman/yes, Ruggles/yes, Smith/yes, Voorheis/yes, Powell/yes).

Moved into open session at 7:52 p.m.

Supervisor Kowall addressed the Police Chief Keller and Fire Chief Holland and advised that the Board will be conducting future work sessions and requested the Chiefs patience in moving forward.

Trustee Powell stated he has the utmost respect for the two professionals and indicated he wants to make the entire Township work as well together as both Chiefs.

#### ADJOURNMENT

It was MOVED by Supervisor Kowall, SUPPORTED by Trustee Voorheis to adjourn. The motion PASSED by a show of hands.

Meeting adjourned at 7:58 p.m.

I, Anthony L. Noble, the duly elected and qualified Clerk of the Charter Township of White Lake, County of Oakland, State of Michigan, hereby certify that the foregoing is a true copy of the May 11, 2021 special board meeting minutes.

Anthony L. Noble, Clerk White Lake Township Oakland County, Michigan

Let It Be Known, it is with great sorrow that White Lake Township acknowledges the passing of Ronald Clare Voorheis on June 2, 2021. Our deepest sympathies go out to his wife Mary, his daughter's Andrea, Valerie, and Leslie, and the rest of his family.

Born on May 7, 1930, Mr. Voorheis lived a long, rich life and was dedicated to public service. His White Lake Township service totaled an incredible 48 years. Mr. Voorheis served as Treasurer from 1956 to 1992 and then served as a White Lake Trustee from 1992 to 2004. Mr. Voorheis was also very active in the community with organizations such as Meals on Wheels, the 4-H Club, the White Lake Presbyterian Church, and the White Lake Historical Society, to name a few.

It is with great respect for his past successful career and volunteerism that we will always remember Ron and his unwavering commitment to public service. However, today we revere and admire him for his most significant role, that as a husband, father, brother and grandfather, a true family man.

On behalf of the White Lake Township Board of Trustees and the grateful citizens of this extraordinary community, we thank Mr. Voorheis and his family for his indelible service.

In Special Tribute, therefore, this document is signed and dedicated to the memory of Mr. Ronald Clare Voorheis. May he rest in eternal peace.

Rik Kowall, Township Supervisor

Anthony L. Noble, Township Clerk

Mike Roman, Township Treasurer

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

#### **Independent Auditor's Report**

To Management and the Township Board of Trustees Charter Township of White Lake

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Charter Township of White Lake (the "Township") as of and for the year ended December 31, 2020 and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated May 27, 2021.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter Township of White Lake's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Charter Township of White Lake's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To Management and the Township Board of Trustees Charter Township of White Lake

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Alante i Moran, PLLC

May 27, 2021

May 27, 2021

To the Township Board of Trustees Charter Township of White Lake

We have audited the financial statements of the Charter Township of White Lake (the "Township") as of and for the year ended December 31, 2020 and have issued our report thereon dated May 27, 2021. Professional standards require that we provide you with the following information related to our audit, which is divided into the following sections:

Section I - Required Communications with Those Charged with Governance

Section II - Other Recommendations and Legislative and Informational Items

Section I communicates significant matters related to the audit that are, in our professional judgement, relevant to your responsibilities in overseeing the financial reporting process.

Section II presents other recommendations and legislative and informational items relevant to the Township.

We would like to take this opportunity to thank the Township's staff, especially Rik, Mike, Anthony, Elaine, Dawn, and Lisa, for the cooperation and courtesy extended to us during our audit. Their assistance and professionalism are invaluable.

This report is intended solely for the use of the Township's board of trustees and management of the Township and is not intended to be and should not be used by anyone other than these specified parties.

We welcome any questions you may have regarding the following communications, and we would be willing to discuss these or any other questions that you might have at your convenience.

Very truly yours,

Plante & Moran, PLLC

Panda J. Hel

Pamela L. Hill

#### Section I - Required Communications with Those Charged with Governance

#### Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated January 6, 2021, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

As part of our audit, we considered the internal control of the Township. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Our audit of the Township's financial statements has also been conducted in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States. Under *Government Auditing Standards*, we are obligated to communicate certain matters that come to our attention related to our audit to those responsible for the governance of the Township, including compliance with certain provisions of laws, regulations, contracts, and grant agreements; certain instances of error or fraud; illegal acts applicable to government agencies; and significant deficiencies in internal control that we identify during our audit. Toward this end, we issued a separate letter dated May 27, 2021 regarding our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements.

#### Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on January 8, 2021.

#### Significant Audit Findings

#### **Qualitative Aspects of Accounting Practices**

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Township are described in Note 1 to the financial statements.

No new accounting policies were adopted, and the application of existing policies was not changed during 2020.

We noted no transactions entered into by the Township during the year for which there is a lack of authoritative guidance or consensus.

There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

# Section I - Required Communications with Those Charged with Governance (Continued)

The most sensitive estimates affecting the financial statements were the net pension liability and net OPEB liability. Management's estimates of the net pension liability and net OPEB liability were based on an actuarial valuation. The significant assumptions used in the calculation include future rate of return on investments, employee eligibility rates, life expectancies, and projected salary increases. We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear.

#### Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

#### Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### **Corrected and Uncorrected Misstatements**

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The uncorrected misstatements identified by management of the financial statements that were not recorded by management were adjustments to record potential additional Coronavirus Relief Fund award amounts from the State of Michigan that relate to fiscal year 2020. The adjustments would have resulted in an approximate increase of \$150,000 to accounts receivable and revenue in the governmental activities and an approximate increase of \$53,000 and \$97,000 to accounts receivable and deferred revenue in the Fire Fund and Police Fund, respectively. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

#### Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Township, and business plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Township's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Following is a summary of significant issues that were discussed or were the subject of correspondence with management prior to or during our audit:

The auditing standards require us to communicate when there are alternative accounting treatments available. In a prior year, the Township consulted with Plante & Moran, PLLC regarding the proper presentation of the sewer-related activity. Based on the current activity flowing through all of the sewer-related funds, currently the revenue collected is not sufficient to cover the costs. Therefore, the Township concluded to continue to account for the transactions in the same manner as it has in the past, in a special revenue fund and debt service funds. However, accounting guidance suggests that these transactions be accounted for in one enterprise fund in the future if or when the revenue of the sewer system is sufficient to cover costs.

#### Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 27, 2021.

# Section I - Required Communications with Those Charged with Governance (Continued)

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a second opinion on certain situations. If a consultation involves application of an accounting principle to the Township's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Section II - Other Recommendations and Legislative and Informational Items

#### Other Recommendations

#### Financial Forecasting and Capital Planning

As a growing community with many needs, it becomes increasingly important for the Township to look at both a long-range financial forecast and a corresponding capital plan. A capital plan is a good place to start, as that will ultimately be used in terms of finalizing a long-term forecast. This will assist the Township in a road map for the future. It will allow the Township to make real-time decisions and see the impact they will have on the Township in the future, not just in the current year. This continues to be even more important with the Township's award of CARES Act money from the ARPA funds. As part of the creation of a forecast and capital plan, the Township should consider the way that it is currently utilizing the Improvement Revolving Fund (IRF). Currently, the IRF is used to pay for various capital-related activity but not all. However, the General Fund also earmarks excess fund balance for future capital projects. So, in essence, the activity is being tracked in two different ways. This is an acceptable practice. However, as the Township goes through the long-range planning process, we encourage it to think about different ways to budget for and utilize funds to achieve the Township's long-range goals. We are happy to discuss this with the Township's board and/or management at any time.

#### Legislative and Informational Items

#### COVID-19 Resource Center

Plante & Moran, PLLC has assembled a COVID-19 task force of leaders across the firm to monitor, address, and mitigate risks presented by the virus. We understand the unique challenges our local governments are facing in providing essential services to protect communities during the COVID-19 crisis, while going forward, they face seemingly impossible choices around staffing, capital projects, pension obligations, and dozens of other items in the face of an uncertain revenue outlook. We are sharing our insights within our government COVID-19 resource center at <a href="https://www.plantemoran.com/explore-our-thinking/areas-of-focus/covid-19-government-resource-center">https://www.plantemoran.com/explore-our-thinking/areas-of-focus/covid-19-government-resource-center</a>. We will keep you updated with relevant economic analyses, crisis management guidelines, notices of changing regulations, and more to keep the Township running as smoothly as possible amidst uncertainty and unprecedented disruption.

We are also sharing Coronavirus Aid, Relief, and Economic Security (CARES) Act-specific insights within our CARES Act COVID-19 resource center at <a href="https://www.plantemoran.com/explore-our-thinking/areas-of-focus/cares-act-resource-center">https://www.plantemoran.com/explore-our-thinking/areas-of-focus/cares-act-resource-center</a>. Have questions about the CARES Act? Submit them at <a href="https://www.plantemoran.com/campaigns/firm/cares-act">https://www.plantemoran.com/explore-our-thinking/areas-of-focus/cares-act-resource-center</a>. Have questions about the CARES Act? Submit them at <a href="https://www.plantemoran.com/campaigns/firm/cares-act">https://www.plantemoran.com/explore-our-thinking/areas-of-focus/cares-act-resource-center</a>. Have questions about the CARES Act? Submit them at <a href="https://www.plantemoran.com/campaigns/firm/cares-act">https://www.plantemoran.com/campaigns/firm/cares-act</a> by simply providing your contact information and agreeing to our terms and conditions, and an expert from our task force will contact you within 24 hours.

#### Michigan's CARES Act-funded Grant Programs

The Michigan Department of Treasury has developed a webpage with numbered letters, memorandums, webinars, and resources regarding COVID-19 updates and CARES Act-funded grant programs: <u>https://www.michigan.gov/treasury/0,4679,7-121-1751\_98769---,00.html</u>.

#### Cybersecurity and Information Technology Controls

Cyberattacks are on the rise across the globe, and the cost of these attacks is ever increasing. Because of these attacks, municipalities stand to lose their reputation, the ability to operate efficiently, and proprietary information or assets. Communities potentially can also be subject to financial and legal liabilities. Managing this issue is especially challenging because even a municipality with a highly mature cybersecurity risk management program still has a residual risk that a material cybersecurity breach could occur and not be detected in a timely manner. We understand that the technology department continues to monitor and evaluate this risk, which are critical best practices. Additionally, periodic assessments of the system in order to verify that the control environment is working as intended are key parts of measuring associated business risk. We encourage administration and those charged with governance to work with the technology team on this very important topic. If we can be of assistance in the process, we would be happy to do so.

# Section II - Other Recommendations and Legislative and Informational Items (Continued)

#### Michigan's Virtual Meeting Legislation (PA 228 of 2020)

Public Act 228 of 2020 was adopted on October 16, 2020 by Governor Whitmer, providing retroactive authorization for virtual meetings dating back to March 18, 2020. This legislation also provides authorization for virtual meetings for any circumstance through January 1, 2021 and for certain circumstances thereafter. For virtual meetings, each member of the public body that is meeting remotely must announce the county, city, township, or village and state from which the member is attending remotely, and this must be included in the meeting minutes. Specifically, this legislation provides the following circumstances for virtual meetings:

- March 18, 2020 January 1, 2021 For any circumstance, including, but not limited to, military leave, state or local emergency declaration, or a medical condition
- January 1, 2021 December 31, 2021 For only those circumstances requiring accommodation of members absent due to military duty, a medical condition, or statewide of local state of emergency. If absence is due to military duty or a medical condition, the accommodation only applies to that individual, and the other members must be physically present at the meeting.
- After December 31, 2021, only for reason of military duty

The Township should ensure it is familiar with this legislation to ensure compliance.

#### Michigan's MLTS E911 Legislation (PA 30 of 2019)

Public Act 30 of 2019 was adopted on June 25, 2019 and provides additional compliance requirements for organizations that operate Multi-Line Telephone Systems (MLTS). The intent is to provide emergency responders with more specific location information in case they are responding to a call at a large facility. The regulations will apply to any workspace larger than 7,000 square feet with a compliance deadline of December 31, 2020.

- **A workspace includes:** offices, production areas, warehouses, shop floors, storage areas, hallways, conference rooms, break rooms, and other common areas.
- A workspace does not include: wall thickness, shafts, heating, ventilation, air conditioning equipment spaces, mechanical or electrical spaces, or any similar areas to which employees do not normally have access.

For single buildings over 7,000 square feet of workspace, with their own street address on a single contiguous property, the floor number, street address, and specific location of the communications device must be reported. When facilities with multiple buildings served by the same MLTS are considered, they must report the above requirements in addition to the building's unique identifier. Also, note that, under Kari's Law, any MLTS equipment that is manufactured, imported, sold, leased, or installed after February 16, 2020 must be capable of enabling its users to dial 911 directly without having to dial a prefix.

#### E911 Exemptions

- If a building contains less than 20,000 square feet of workspace and fewer than 20 communications devices, the MLTS operator is exempt from providing specific location information until it installs a new MLTS after January 1, 2020.
- If a building maintains, on a 24-hour basis, an alternative system capable of identifying the location of any communications device that dialed 911 or the building is serviced with its own appropriate medical, fire, and security personnel, it is exempt.
- Any MLTS operator that is not currently served by enhanced 911 service is exempt until enhanced 911 service becomes available.
- Other exemptions exist for farms and houses of worship, which, for the latter, do not extend to attached schools.

# Section II - Other Recommendations and Legislative and Informational Items (Continued)

If you operate in a facility that is subject to these regulations, you should begin to plan for compliance. If we can be of assistance in the process, we would be happy to do so.

#### Act 51 Report Due Date

The Michigan Department of Transportation has granted an automatic 60-day extension to cities and villages that are required to file the Act 51 report. The updated policy will extend the Act 51 report deadline to be due within six months of the fiscal year end date, which will align with the due date for the audited financial statements. For cities and villages whose most current fiscal year ends before July 1, the Act 51 report must be submitted by December 31 to be included in the snow payment calculation (if eligible and qualified).

This extension does not apply to counties. Counties are required to submit the Act 51 report to MDOT by May 1 every year, regardless of their fiscal year end.

#### Updated Uniform Chart of Accounts

In April 2017, the State released an updated Uniform Chart of Accounts. Originally, local units of government were expected to comply with the changes beginning with June 30, 2018 year ends. However, the State has extended the deadline for compliance. On April 20, 2020, the State issued a memo that sets an implementation date for fiscal years ending on October 31, 2022 and thereafter. The State has committed to releasing various tools to help local units with implementation, including FAQs and clarification on which accounts should be used when implementing GASB 84. A final release of the chart of accounts was issued in November 2020 and is available at this link: <a href="https://www.michigan.gov/documents/uniformchart\_24524\_7.pdf">https://www.michigan.gov/documents/uniformchart\_24524\_7.pdf</a>. This final version follows various exposure drafts and revisions in order to comply with changing GASB standards and statutory changes and reformats the document to make it more user-friendly. The Treasury will provide alerts for any guidance and resources, and local units can sign up for alerts at this link: <a href="https://public.govdelivery.com/accounts/MITREAS/subscriber/new?qsp=MITREAS\_1">https://public.govdelivery.com/accounts/MITREAS/subscriber/new?qsp=MITREAS\_1</a>.

#### Legacy Costs

Legacy costs and the challenge of funding them continue to be topics of discussion. GASB pronouncements of late have placed even more focus on the net long-term liability arising from these benefit promises by requiring governmental financial statements to reflect the net pension and OPEB liabilities. For many governments, these net liabilities are significant. In addition, Public Act 202 of 2017 has brought further focus on the funding level of these plans.

The following are the funding levels per the funding valuations for the last three years for both pension and OPEB:

|                             | Pension | OPEB  |
|-----------------------------|---------|-------|
| 2019 - Pension, 2020 - OPEB | 70.2%   | 47.4% |
| 2018 - Pension, 2019 - OPEB | 68.0%   | 37.6% |
| 2017 - Pension, 2018 - OPEB | 74.8%   | 22.8% |

Maintaining or even improving the funded status of the plans is dependent upon a number of factors, including the Township's contribution policies, its amortization policy for funding the unfunded actuarial accrued liability, its benefit levels, and the ability to make future changes to the plan. We are happy to assist you in thinking through alternative ways to manage this liability.

#### **Revenue Sharing**

The fiscal year 2021 governor's budget recommendation includes \$1.4 billion for revenue sharing. Further details of the breakdown of this amount are available at <a href="https://www.michigan.gov/treasury/0,,7-121-1751">https://www.michigan.gov/treasury/0,,7-121-1751</a> <a href="https://www.michigan.gov/treasury/0,,7-121-1751">https://www.michigan.gov/treasury/0,,7-121-1751</a>

### Section II - Other Recommendations and Legislative and Informational Items (Continued)

In order to receive the City, Village, and Township Revenue Sharing (CVTRS) payments in FY 2021, qualified local units will once again need to comply with the same best practices as they did last year as follows:

- A citizen's guide to local finances with disclosure of unfunded liabilities
- Performance dashboard
- Debt service report
- Two-year budget projection

#### Federal Procurement Threshold Changes

The Office of Management and Budget (OMB) has issued significant reforms to the compliance requirements that must be followed by nonfederal entities The Office of Management and Budget recently issued Memorandum M-18-18, which provides guidance on changes to micropurchases and simplified acquisition threshold requirements. The key changes are as follows:

- Threshold for micropurchases is increased to \$10,000.
- Threshold for simplified acquisitions (small purchase procedures limit) increased to \$250,000.

Key adoption considerations for micropurchase and simplified acquisition thresholds include the following:

- During the original adoption of the Uniform Guidance (UG) procurement standards, were specific amounts included within the Township's procurement policy, or were references to the UG sections or amounts as adjusted referenced? If specific amounts were referenced, the procurement policy will need to be updated to take advantage of the changes.
- If the Township's procurement policy was written to allow for changes in amounts, the procedures will need to be updated to conform.
- If this change is inconsistent with other procurement policies within the organization, the Township must decide how the policy will be enacted. Remember local ordinances in place may limit full utilization of changes.
- If the Township has chosen not to fully adopt the change and maintain a lower threshold, then the Township is not required to use these thresholds but cannot exceed them.

#### Upcoming Accounting Standards Requiring Preparation

#### GASB Statement No. 87 - Leases

This new accounting pronouncement will be effective for reporting periods beginning after December 15, 2019 (June 15, 2021 after extension within GASB Statement No. 95). This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lesse is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

We recommend beginning to accumulate information now related to all significant lease agreements in order to more efficiently implement this new standard once it becomes effective.

Plante & Moran, PLLC will be providing trainings and other resources to our clients in the coming months to help prepare for the implementation of all these new standards. In the interim, please reach out to your engagement team for assistance in getting started.

#### Independent Auditor's Report

To the Township Board of Trustees Charter Township of White Lake

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Charter Township of White Lake (the "Township") as of and for the ended December 31, 2020 and the related notes to the financial statements, which collectively comprise the Charter Township of White Lake's basic financial statements, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Charter Township of White Lake as of December 31, 2020 and the respective changes in its financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Township Board of Trustees Charter Township of White Lake

#### Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplemental information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Charter Township of White Lake's basic financial statements. The other supplemental information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The other supplemental information, as identified in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information, as identified in the table of contents, is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2021 on our consideration of Charter Township of White Lake's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Charter Township of White Lake's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Charter Township of White Lake's internal control over financial reporting and compliance.

Alante Moran, PLLC

May 27, 2021

### Management's Discussion and Analysis

As management of the Charter Township of White Lake (the "Township"), we offer readers this narrative overview and analysis of the financial activities for the year ended December 31, 2020.

#### Using This Annual Report

This annual report consists of a series of financial statements. The statement of net position and the statement of activities provide information about the activities of the Township as a whole and present a longer-term view of the Township's finances. This longer-term view uses the accrual basis of accounting so that it can measure the cost of providing services during the current year and whether the taxpayers have funded the full cost of providing government services.

The fund financial statements present a short-term view; they tell the reader how the taxpayers' resources were spent during the year, as well as how much is available for future spending. Fund financial statements also report the Township's operations in more detail than the government-wide financial statements by providing information about the Township's most significant funds. The fiduciary fund statements provide financial information about activities for which the Township acts solely as a trustee or agent for the benefit of those outside of the government.

#### Government-wide Overall Financial Analysis

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. In the case of the Township, assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$49,018,634 at the close of the most recent fiscal year.

### **Charter Township of White Lake**

### Management's Discussion and Analysis (Continued)

#### The Township's Net Position

The following tables show, in a condensed format, the current year's net position and changes in net position, compared to the prior year:

| Assets<br>Current and other assets         \$ 50,605,812         \$ 54,317,590         \$ 3,711,778         7.3           Capital assets         21,621,902         22,619,386         997,484         4.6           Total assets         72,227,714         76,936,976         4,709,262         6.5           Deferred Outflows of Resources         3,212,674         3,270,727         58,053         1.8           Liabilities         1,725,312         2,415,170         689,858         40.0           Current liabilities         1,725,312         2,415,170         689,858         40.0           Noncurrent liabilities         26,729,585         25,655,818         (1.073,767)         (4.0           Total liabilities         28,454,897         28,070,988         (383,909)         (1.3           Deferred Inflows of Resources         14,669,460         15,342,955         673,495         4.6           Net Investment in capital assets         20,425,656         21,736,450         1,310,794         6.4           Restricted         13,921,667         15,829,603         1,907,936         13.7           Unrestricted         2019         2020         Change         Percent Change           Business-type Activities         2019         2020         Change | assets  | 5 50,605,812 \$<br>21,621,902<br>72,227,714<br>3,212,674<br>1,725,312 | 54,317,590<br>22,619,386<br>76,936,976<br>3,270,727<br>2,415,170 | \$ 3,711,778<br>997,484<br>4,709,262<br>58,053 | Percent Change<br>7.3<br>4.6<br>6.5<br>1.8 |  |  |

The Township's governmental activities net position was \$36.8 million at the close of the year ended December 31, 2020, which was an increase from December 31, 2019 of approximately \$4.5 million. The increase was primarily due to building improvements made during the year.

The Township's business-type activity consists of the Water Fund. The change in net position from December 31, 2019 was an increase of approximately \$264,000, which was primarily due to payments made on long-term debt.

### **Charter Township of White Lake**

### Management's Discussion and Analysis (Continued)

#### The Township's Changes in Net Position

The following tables show, in a condensed format, changes in net position compared to the prior year:

|                                    | Governmental Activities |               |             |       |           |                    |  |

Governmental activities revenue was approximately \$23,965,000 for the year ended December 31, 2020, an increase of approximately \$1,248,000 over 2019. Of this revenue, 46 percent was obtained through property taxes, 12 percent from state-shared revenue, and 22 percent from fees charged for services. Total governmental activities expenditures were approximately \$19,487,000, an increase of approximately \$371,000 over 2019. The primary causes of the increase was related to an increase in debt service costs due to principal payments on the library bond beginning in 2020.

## Management's Discussion and Analysis (Continued)

Business-type activities revenue was approximately \$1,426,000 for the year ended December 31, 2020. Charges for services represented 86 percent of total revenue. At December 31, 2020, the Township was providing water to 2,090 customers. The primary cause of increased revenue in 2020 was an increase in water usage by customers. Business-type activities expenditures were approximately \$1,162,000, an increase of approximately \$63,000 over 2019. The primary causes for the increase in expenditures was due to an increase in water chemicals and supplies purchased as water usage was up.

#### Financial Analysis of Individual Funds

The analysis of the Township's major funds begins on page 11, following the government-wide financial statements. The fund financial statements provide detailed information about the most significant funds, not the Township as a whole. The township board creates funds to help manage money for specific purposes and to show accountability for certain activities, such as special property tax millages. The Township's major funds for 2020 include the General Fund, the Fire Fund, the Police Fund, the Solid Waste Special Assessment Fund, and the General Sewer Fund.

The General Fund is the main operating fund of the Township. Total revenue and other financing sources for the year was approximately \$6,996,000. Of this revenue, state-shared revenue accounted for 50 percent, and property taxes accounted for 18 percent. Total expenditures and other financing uses for the year were approximately \$6,732,000. At December 31, 2020, the unassigned fund balance of \$1,737,779 represented 26 percent of the total General Fund expenditures and other financing uses for the year. The increase in fund balance is primarily due to the increase in property tax values.

The Fire Fund is used to account for fire services to township residents. Total revenue and other financing sources for the year were approximately \$4,076,000. Of this revenue, property taxes accounted for 82 percent. Total expenditures for the year were approximately \$3,091,000. The fund balance of \$6,599,419 is restricted for future fire operating costs, equipment acquisitions, and new personnel.

The Police Fund is used to account for police services to township residents. Total revenue and other financing sources for the year were approximately \$6,720,000. Of this revenue, property taxes accounted for 81 percent. Total expenditures for the year were approximately \$5,690,000. The fund balance of \$4,627,040 is restricted for future police operating costs.

The Solid Waste Special Assessment Fund is used to account for the solid waste of the Township. Total revenue for the year was approximately \$1,818,000 and was earned through special assessment charges. Total expenditures for the year were approximately \$1,816,000. The fund balance of \$169,213 is restricted for solid waste expenditures.

The General Sewer Fund is used to account for general sewer activities. Total revenue for the year was approximately \$2,142,000. Of this revenue, charges for sewer services accounted for 94 percent. Total expenditures for the year were approximately \$2,143,000. The fund balance of \$879,218 is restricted for future sewer operating costs.

#### Capital Assets and Debt Administration

At the end of 2020, the Township had \$31,061,683 invested in a broad range of capital assets (net of accumulated depreciation), including buildings, police and fire equipment, and water and sewer lines. In addition, the Township has invested significantly in roads and related infrastructure within the Township. Although these roads are the property of the Oakland County Road Commission (along with the responsibility of maintaining them), the Township has invested in their construction and maintenance.

The Township's total long-term indebtedness as of December 31, 2020 is \$9,994,320. Of this amount, \$8,810,893 represents governmental general obligation bonds; \$88,800 represents a loan from Oakland County, Michigan; \$655,000 represents a loan from the State of Michigan's Drinking Water Revolving Fund; \$291,720 represents special assessment bonds; \$135,702 represents accumulated compensated absences; and \$12,205 represents governmental capital leases.

# Management's Discussion and Analysis (Continued)

#### Economic Factors and Next Year's Budgets and Rates

The Township's budget for 2020 is reflective of anticipated revenue and costs. The Township has taken into consideration changes in the economy for housing values and sales taxes and their impact on revenue. The Township has budgeted for continuing to aggressively fund the retirement pension and health insurance liabilities.

WOTA (West Oakland Transportation Authority) was successfully launched with partnerships solidified with Highland, Walled Lake, and Waterford.

COVID-19 presented the Township with challenges to keep up with almost daily changes in protocols and properly followed the COVID Preparedness Plan. During the early months, the Township did briefly close to the public; however, with employees' abilities to work from home, there was very limited interruption in services.

The Township submitted for and received multiple grants during 2020, which helped mitigate the costs incurred to protect our employees and citizens.

Public safety continued to provide the same level of service to the public as it did pre-COVID.

Overall, the Township weathered the storm with very little interruption to the public and, with grant funds, very little impact on the Township's strong financial position.

As we enter 2021 and with vaccines and reduction of cases, the Township does not currently foresee any continuing major impact from COVID-19. However, the township board remains vigilant and prepared to face the future.

#### Requests for Further Information

This financial report is intended to provide citizens, taxpayers, customers, and investors with a general overview of the Township's finances and to show the Township's accountability for the money it receives. If you have any questions or concerns about this report or need additional information, contact the clerk's office at the Charter Township of White Lake, 7525 Highland Road, White Lake, MI 48383.

Governmental Funds

Reconciliation of the Statement of Revenue, Expenditures, and Changes in Fund Balances to the Statement of Activities

|  | Centr | Jei 31, 2020             |
|--|-------|--------------------------|
| Net Change in Fund Balances Reported in Governmental Funds   | \$    | 2,917,442                |
| Amounts reported for governmental activities in the statement of activities are different because:   |       |                          |
| Governmental funds report capital outlays as expenditures; however, in the statement o activities, these costs are allocated over their estimated useful lives as depreciation:<br>Capital outlay<br>Depreciation expense                                      | f     | 2,107,257<br>(1,109,773) |
| Revenue is recorded in the statement of activities when earned; it is not reported in the funds until collected or collectible within 60 days of year end  |       | (267,250)                |
| Repayment of bond principal is an expenditure in the governmental funds but not in the statement of activities (where it reduces long-term debt)   |       | 563,310                  |
| Change in accrued interest payable and other   |       | 1,677                    |
| Increases in accumulated employee sick and vacation pay and other similar expenses reported in the statement of activities do not require the use of current resources and, therefore, are not reported in the fund statements until they come due for payment |       | (11,629)                 |
| The change in the net pension liability is recorded when incurred in the statement of activities   |       | (54,797)                 |
| The change in net other postemployment benefit obligations are not reported as fund liabilities  |       | 579,115                  |
| Change in deferred outflows related to pensions  |       | (856,065)                |
| Change in deferred outflows related to OPEB  |       | 914,118                  |
| Change in deferred inflows related to pensions   |       | 54,709                   |
| Change in deferred inflows related to OPEB   |       | (360,385)                |
| Change in Net Position of Governmental Activities  | \$    | 4,477,729                |

#### December 31, 2020

### **Note 1 - Significant Accounting Policies**

#### **Reporting Entity**

The Charter Township of White Lake (the "Township") is governed by an elected seven-member board of trustees. The accompanying financial statements present the Township and its blended component unit, an entity for which the Township is considered to be financially accountable. Blended component units are, in substance, part of the Township's operations, even though they are separate legal entities. Thus, blended component units are appropriately presented as funds of the Township. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the Township.

#### Blended Component Unit

The Township Building Authority is governed by a board appointed by the Township's governing body. Although it is legally separate from the Township, the Building Authority is reported as if it were part of the primary government because its sole purpose is to finance and construct the Township's public buildings.

#### **Discretely Presented Component Unit**

#### Other Postemployment Benefits Fund

For the Other Postemployment Benefits Fund, management of the OPEB plan is vested in the pension board, which consists of seven members - three elected by plan members, three appointed by the Township, and the township treasurer, who serves as an ex officio member. Although it is legally separate from the Township, it is reported as a fiduciary component unit because the Township appoints a voting majority to the pension board and the plan imposes a financial burden on the Township.

#### Jointly Governed Organization

In January 2020, the Township entered into a joint venture with the Charter Township of Highland and the Charter Township of Waterford to create the Western Oakland Transportation Authority (WOTA). The purpose of WOTA is to provide defined and beneficial transportation services to eligible persons in the service area. WOTA is governed by a three-member board with one member appointed by the respective underlying legislative body of each participating municipality for four year terms. The board of WOTA is required to prepare, approve and submit an annual budget to the governing body of each municipality by July 1 of each fiscal year.

During the year ended December 31, 2020, the Township's contribution to WOTA was \$185,000.

All parties have contributed to the cost of WOTA and share in its ownership on a percentage basis. The majority of WOTA's capital assets were purchased with federal and state funds, so any income from the sale of these assets would revert to those agencies.

The Township is unaware of any circumstances that would cause an additional benefit or burden to the participating governments in the near future.

#### December 31, 2020

### Note 1 - Significant Accounting Policies (Continued)

#### Accounting and Reporting Principles

The Township follows accounting principles generally accepted in the United States of America (GAAP), as applicable to governmental units. Accounting and financial reporting pronouncements are promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies used by the Township:

#### Fund Accounting

The Township accounts for its various activities in several different funds in order to demonstrate accountability for how it spends certain resources; separate funds allow the Township to show the particular expenditures for which specific revenue is used. The various funds are aggregated into three broad fund types:

#### **Governmental Funds**

Governmental funds include all activities that provide general governmental services that are not business-type activities. Governmental funds can include the General Fund, special revenue funds, debt service funds, capital project funds, and permanent funds. The Township reports the following funds as major governmental funds:

- The General Fund is the primary operating fund because it accounts for all financial resources used to provide government services other than those specifically assigned to another fund.
- The Fire Fund is used by the Township to account for the assets and operation of the fire department that are financed primarily by dedicated property taxes.
- The Police Fund is used by the Township to account for the assets and operation of the police department that are financed primarily by dedicated property taxes.
- The Solid Waste Special Assessment Fund is a special revenue fund used to account for the collection of special assessments and the payment for the disposal of the Township's solid waste.
- The General Sewer Fund is a special revenue fund used to account for the assets and operation of the sewer system.

#### Proprietary Funds

Proprietary funds include enterprise funds (which provide goods or services to users in exchange for charges or fees) and internal service funds (which provide goods or services to other funds of the Township). The Township reports the following fund as a major enterprise fund:

• The Water Fund accounts for the operation, maintenance, and distribution of the water system.

#### Fiduciary Funds

Fiduciary funds include amounts held in a fiduciary capacity for others. These amounts will not be used to operate our government's programs. Activities that are reported as fiduciary include the following:

- The Other Postemployment Benefits Fund accumulates resources for future retiree health care payments to retirees.
- The Tax Collection Fund collects taxes on behalf of all the taxing authorities (state, county, school district, township, and the various smaller authorities) and remits the taxes to each authority.
- Various escrow funds for township lakes receive contributions for the maintenance of these lakes.

#### December 31, 2020

### Note 1 - Significant Accounting Policies (Continued)

#### Interfund Activity

During the course of operations, the Township has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Furthermore, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included in business-type activities are eliminated so that only the net amount is included in business-type activities column.

#### Basis of Accounting

The governmental funds use the current financial resources measurement focus and the modified accrual basis of accounting. This basis of accounting is intended to better demonstrate accountability for how the Township has spent its resources.

Expenditures are reported when the goods are received or the services are rendered. Capital outlays are reported as expenditures (rather than as capital assets) because they reduce the ability to spend resources in the future; conversely, employee benefit costs that will be funded in the future (such as pension and retiree health care-related costs or sick and vacation pay) are not counted until they come due for payment. In addition, debt service expenditures, claims, and judgments are recorded only when payment is due.

Revenue is not recognized until it is collected or collected soon enough after the end of the year that it is available to pay for obligations outstanding at the end of the year. For this purpose, the Township considers amounts collected within 60 days of year end to be available for recognition. The following major revenue sources meet the availability criterion: state-shared revenue, district court fines, and interest associated with the current fiscal period. Conversely, special assessments and federal grant reimbursements will be collected after the period of availability; receivables have been recorded for these, along with a deferred inflow.

Proprietary funds and fiduciary funds use the economic resources measurement focus and the full accrual basis of accounting. Revenue is recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

#### **Report Presentation**

Governmental accounting principles require that financial reports include two different perspectives - the government-wide perspective and the fund-based perspective. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units, as applicable. The government-wide financial statements are presented on the economic resources measurement focus and the full accrual basis of accounting. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The statements also present a schedule reconciling these amounts to the modified accrual-based presentation found in the fund-based statements.

#### December 31, 2020

### Note 1 - Significant Accounting Policies (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue includes: (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions, including special assessments. Taxes, unrestricted intergovernmental receipts, and other items not properly included among program revenue are reported instead as general revenue.

For the most part, the effect of interfund activity has been removed from the government-wide financial statements. Exceptions to this general rule occur when there are charges between the Township's water function and various other functions. Eliminations of these charges would distort the direct costs and program revenue reported for the various functions concerned.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds, if any, are reported as separate columns in the fund financial statements.

#### Specific Balances and Transactions

#### Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired.

#### Investments

Investments are reported at fair value or estimated fair value. Pooled investment income from the General Fund is generally allocated to each fund using a weighted average.

#### **Receivables and Payables**

In general, outstanding balances between funds are reported as due to/from other funds. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as internal balances. All trade and property tax receivables are considered fully collectible by the Township. No provision has been made in the financial statements for noncollection.

#### Library Receivable

During 2018, the Township issued debt on behalf of the White Lake Township Library (the "Library") to construct a new library facility. The Township is collecting a debt millage on behalf of the Library, which will be used to pay the debt principal and interest payments as they come due. Since the building is an asset of the Library, the Township will record a receivable from the Library until the debt is paid off. Payments on the Library debt began on March 1, 2020 and are due annually through March 1, 2038.

#### **Restricted Assets**

Certain township ordinances require amounts to be set aside for debt service principal and interest, operations and maintenance, and improvements and replacement of the water system. These amounts, which consist of cash and investments, have been classified as restricted assets.

#### December 31, 2020

### Note 1 - Significant Accounting Policies (Continued)

#### **Capital Assets**

Capital assets, which include property, plant, equipment, intangible assets, and infrastructure assets (e.g., roads, drains, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Township as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

Infrastructure, intangibles, buildings, equipment, and vehicles are depreciated using the straight-line method over the following useful lives:

|                            | Depreciable<br>Life - Years |
|----------------------------|-----------------------------|
| Water system               | 50                          |
| Sewer system               | 50                          |
| Machinery and equipment    | 5-20                        |
| Buildings and improvements | 5-20                        |
| Furniture and equipment    | 5-20                        |
| Vehicles                   | 5-12                        |

#### Long-term Obligations

In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed at the time they are incurred. In the fund financial statements, governmental fund types recognize bond issuances as an other financing source, as well as bond premiums and discounts. The General Fund and debt service funds are generally used to liquidate governmental long-term debt.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then.

The Township reports deferred outflows of resources related to the defined benefit pension plan and the OPEB plan. The deferred outflows of resources related to pension and OPEB are reported in the government-wide financial statements and the Water Fund. Details of the deferred outflows of resources related to pension and OPEB can be found in Notes 8 and 9.

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

#### December 31, 2020

### Note 1 - Significant Accounting Policies (Continued)

The Township reports deferred inflows related to property taxes levied for the following year. The governmental funds also report unavailable revenue from special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. There are deferred inflows of resources related to the defined benefit pension plan and the OPEB plan. The deferred inflows of resources related to pension are reported in the government-wide financial statements and the Water Fund. Details of the deferred inflows of resources related to pension and OPEB can be found in Notes 8 and 9.

#### Net Position

Net position of the Township is classified in three components. Net investment in capital assets - net of related debt consists of capital assets net of accumulated depreciation and is reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. Restricted net position is further classified as expendable and nonexpendable. Expendable restricted net position has been limited for use by donors and as held in trust for debt service and self-insured professional liability. Nonexpendable restricted net position has been restricted net position is the remaining net position that does not meet the definition of invested in capital or restricted.

#### Net Position Flow Assumption

The Township will sometimes fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Township's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

#### Fund Balance Flow Assumptions

The Township will sometimes fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Township's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Furthermore, when the components of unrestricted fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. In the fund financial statements, governmental funds report the following components of fund balance:

- *Nonspendable* Amounts that are not in spendable form or are legally or contractually required to be maintained intact
- *Restricted* Amounts that are legally restricted by outside parties, constitutional provisions, or enabling legislation for use for a specific purpose
- *Committed* Amounts that have been formally set aside by the township board of trustees for use for specific purposes. Commitments are made and can be rescinded only via resolution of the board of trustees.

#### December 31, 2020

### Note 1 - Significant Accounting Policies (Continued)

- Assigned Intent to spend resources on specific purposes expressed by the township board as a whole or the supervisor, treasurer, and clerk, who are authorized by resolution approved by the township board to make assignments
- Unassigned Amounts that do not fall into any other category above. This is the residual classification
  for amounts in the General Fund and represents fund balance that has not been assigned to other
  funds and has not been restricted, committed, or assigned to specific purposes in the General Fund.
  In other governmental funds, only negative unassigned amounts are reported, if any, and represent
  expenditures incurred for specific purposes exceeding the amounts previously restricted, committed,
  or assigned to those purposes.

#### **Property Tax Revenue**

Property taxes are levied on each December 1 and become an enforceable lien at that time; the tax is based on the taxable valuation of property as of the preceding December 31. Taxes are considered delinquent on March 1 of the following year, at which time penalties and interest are assessed. Unpaid property taxes become a lien on the property on March 1 of the second year following the year of the levy.

The Township's 2020 property tax revenue was levied and collectible on December 1, 2019 and is recognized as revenue in the year ended December 31, 2020 when the proceeds of the levy are budgeted and available for the financing of operations.

The 2019 taxable valuation of the Township totaled \$1.2 billion, on which taxes levied consisted of 0.9459 mills for operating purposes, 4.6026 mills for police services, 2.8247 mills for fire service, 0.4431 mills for library debt, and 0.2963 mills for parks and recreation. This resulted in \$1.1 million for operating, \$5.5 million for police services, \$3.4 million for fire service, \$0.5 million for library debt, and \$0.4 million for parks and recreation. The respective General Fund and special revenue fund financial statements as property tax revenue.

A provision has been recorded for potential refunds related to disputed taxable values and potential chargebacks from Oakland County, Michigan.

#### <u>Pension</u>

The Township offers a defined benefit pension plan to its employees through the Municipal Employees' Retirement System of Michigan (MERS). The Township records a net pension liability for the difference between the total pension liability calculated by the actuary and the pension plan's fiduciary net position. For the purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position for the Township's pension plan and additions to/deductions from the pension plan's fiduciary net position have been determined on the same basis as they are reported by the pension plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General, Police, Fire, and Water funds will be used to liquidate the net pension liability, based on whichever fund an employee or retiree is assigned and to which fund the employee's pension costs are charged.

December 31, 2020

### Note 1 - Significant Accounting Policies (Continued)

#### Other Postemployment Benefit Costs

The Township offers retiree health care benefits to retirees. The Township records a net OPEB liability for the difference between the total OPEB liability calculated by the actuary and the OPEB plan's fiduciary net position. For the purpose of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Township's OPEB plan and additions to/deductions from the OPEB plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost. The obligation is liquidated from the General, Police, Fire, and Water funds.

#### Compensated Absences (Sick Leave)

It is the Township's policy to permit police employees to accumulate earned but unused sick pay benefits. Upon meeting all requirements for full retirement, an employee will be entitled to 50 percent with a 100-day cap (maximum payment of 50 days) of his or her sick day bank. Upon favorable separation, with a minimum of 10 years of service, an employee is entitled to a 30 percent payout with a 100-day cap (maximum payment of 30 days). A liability for these amounts is reported in governmental funds only when they have matured or come due for payment - generally when an individual's employment has terminated as of year end. Compensated absences attributable to the governmental activities will be liquidated primarily by the General Fund.

#### **Proprietary Funds Operating Classification**

Proprietary funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the Water Fund is charges to customers for sales and services. The Water Fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

December 31, 2020

### Note 1 - Significant Accounting Policies (Continued)

#### **Upcoming Accounting Pronouncements**

In June 2017, the GASB issued Statement No. 87, *Leases*, which improves accounting and financial reporting for leases by governments. This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The Township is currently evaluating the impact this standard will have on the financial statements when adopted. The provisions of this statement are effective for the Township's financial statements for the year ended December 31, 2020 but were extended to December 31, 2022 with the issuance of GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period,* which simplifies accounting for interest cost incurred before the end of construction and requires those costs to be expensed in the period incurred. As a result, interest cost incurred before the end of a construction period will not be capitalized and included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. This statement also reiterates that, in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The requirements of the standard will be applied prospectively and result in increased interest expense during periods of construction. The provisions of this statement are effective for the Township's financial statements for the December 31, 2020 fiscal year but were extended to December 31, 2021 with the issuance of GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*.

In January 2020, the GASB issued Statement No. 92, *Omnibus 2020*. This statement addresses eight unrelated practice issues and technical inconsistencies in authoritative literature. The standard addresses leases, intraentity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance-related activities of public entity risk pools, fair value measurements, and derivative instruments. The standard has various effective dates. The Township does not believe this pronouncement will have a significant impact on its financial statements but is still making a full evaluation.

### Note 2 - Deposits and Investments

Michigan Compiled Laws Section 129.91 (Public Act 20 of 1943, as amended) authorizes local governmental units to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations that have offices in Michigan. The law also allows investments outside the state of Michigan when fully insured. The local unit is allowed to invest in bonds, securities, and other direct obligations of the United States or any agency or instrumentality of the United States; repurchase agreements; bankers' acceptances of United States banks; commercial paper rated within the two highest classifications that matures no more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions that are rated as investment grade; and mutual funds composed of investment vehicles that are legal for direct investment by local units of government in Michigan.

The Other Postemployment Benefits Fund is also authorized by Michigan Public Act 314 of 1965, as amended, to invest in certain reverse repurchase agreements, stocks, diversified investment companies, annuity investment contracts, real estate leased to public entities, mortgages, real estate (if the trust fund's assets exceed \$250 million), debt or equity of certain small businesses, certain state and local government obligations, and certain other specified investment vehicles.

#### December 31, 2020

**–** ..

### Note 2 - Deposits and Investments (Continued)

The Township has designated three banks for the deposit of its funds. The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investment in all of the allowable vehicles mentioned above, except repurchase agreements.

The Township's cash and investments are subject to several types of risk, which are examined in more detail below:

#### Custodial Credit Risk of Bank Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits may not be returned to it. The Township does not have a deposit policy for custodial credit risk. At year end, the Township had \$9,176,900 of bank deposits (certificates of deposit and checking and savings accounts) that were uninsured and uncollateralized. The Township believes that, due to the dollar amounts of cash deposits and the limits of Federal Deposit Insurance Corporation (FDIC) insurance, it is impractical to insure all deposits. As a result, the Township evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

#### Interest Rate Risk

Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The Township's investment policy does not restrict investment maturities other than commercial paper, which can only be purchased with a 270-day maturity.

At year end, the Township had the following investments:

|   |          |               | Weighted-<br>average Maturity |
|---|----------|---------------|-------------------------------|
| Investment                                      |          | Fair Value    | (Days)                        |
| Primary Government                              |          |               |                               |
| Oakland County Local Government Investment Pool | \$       | 16,936,563    | 333                           |
|   |          |               | Weighted-<br>average Maturity |
| Investment                                      | <u> </u> | arrying Value | (Years)                       |
| Fiduciary Funds                                 |          |               |                               |
| MERS Total Market Portfolio                     | \$       | 5,528,766     | N/A                           |

#### Credit Risk

State law limits investments in commercial paper to the top two ratings issued by nationally recognized statistical rating organizations. The Township has no investment policy that would further limit its investment choices. As of year end, the credit quality ratings of debt securities (other than the U.S. government) are as follows:

| Investment                                      | Fair Value    | Rating | Rating<br>Organization |
|---|---------------|--------|------------------------|
| Primary Government                              |               |        |                        |
| Oakland County Local Government Investment Pool | \$ 16,936,563 | N/A    | N/A                    |

#### December 31, 2020

**.**...

## Note 2 - Deposits and Investments (Continued)

| Investment                  | Ca | rrying Value | Rating | Rating<br>Organization |
|-----------------------------|----|--------------|--------|------------------------|
| Fiduciary Funds             |    |              |        |                        |
| MERS Total Market Portfolio | \$ | 5,528,766    | N/A    | N/A                    |
|                             |    |              |        |                        |

#### Fair Value Measurements

The Township categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Township's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The Township has a fair value measurement in the Oakland County Local Government Investment Pool (LGIP) as of December 31, 2020. The Township's investment in the Oakland County LGIP (\$16,936,563) and the MERS Total Market Portfolio (\$5,528,766) are measured at net asset value (NAV).

The valuation method for investments measured at net asset value per share (or its equivalent) is presented in the table below.

#### Investments in Entities That Calculate Net Asset Value per Share

The Township holds shares or interests in investment companies where the fair value of the investments is measured on a recurring basis using net asset value per share (or its equivalent) of the investment companies as a practical expedient.

At December 31, 2020, the fair value, unfunded commitments, and redemption rules of those investments are as follows:

|  |   | Fair Value |   | Unfunded<br>Commitments | Redemption<br>Frequency, if<br>Eligible | Redemption<br>Notice Period |
|--|---|------------|---|-------------------------|---|-----------------------------|
| Oakland County Local Government<br>Investment Pool | ¢ | 16.936.563 | ¢ | _                       | None                                    | N/A                         |
| MERS Total Market Portfolio                        | φ | 5,528,766  | φ | -                       | None                                    | N/A<br>N/A                  |

The Oakland County LGIP is not registered with the Securities and Exchange Commission (SEC) and does not issue a separate report. The pool does not meet the requirements under GASB Statement No. 79 to report its value for financial reporting purposes at amortized costs. Accordingly, the investment is reported at fair value. The fair value of the position in the pool is not the same as the value of the pool shares because the pool redeems shares at \$1 per share regardless of current fair value.

The Oakland County LGIP invests assets in a manner that will seek the highest investment return consistent with the preservation of principal and meet the daily liquidity needs of participants.

The MERS Total Market Portfolio is a fully diversified portfolio combining traditional stocks and bonds with alternative asset classes, including real estate, private equity, and commodities. The objective is to provide current income and capital appreciation while minimizing the volatility of the capital markets. The Municipal Employees' Retirement System (MERS) manages the asset allocation and monitors the underlying investment managers of the MERS Total Market Portfolio.

# Notes to Financial Statements

### December 31, 2020

### Note 3 - Capital Assets

Capital asset activity of the Township's governmental and business-type activities was as follows:

#### **Governmental Activities**

|-----------------------------|---|--|--|
| General Fund                | Water Fund<br>Solid Waste Special Assessment Fund<br>Fire Fund<br>General Sewer Fund<br>Nonmajor governmental funds | \$<br>42,084<br>90,386<br>814<br>230<br>29,711 |  |
|                             | Total General Fund  | 163,225  |  |
| General Sewer Fund          | Nonmajor governmental funds   | 45,738   |  |
| Nonmajor governmental funds | Nonmajor governmental funds   | 130,824  |  |
| Water Fund                  | General Sewer Fund  | <br>147,504                                    |  |
|                             | Total   | \$<br>487,291                                  |  |

These balances result from the time lag between the dates that goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made. In addition, several funds do not have separate bank accounts, and, therefore, the General Fund holds its respective cash and investments.

Interfund transfers reported in the fund financial statements are composed of the following:

|                             | Receiving Fund (Transfer In) | <br>Amount    |  |
|-----------------------------|------------------------------|---------------|--|
| General Fund                | Nonmajor governmental funds  | \$<br>500,000 |  |
| Nonmajor governmental funds | General Fund                 | 400,000       |  |

The transfer from the General Fund to the Improvement Revolving Fund occurred to set funds aside for future township projects. The transfer from the Sewer Debt Fund the General Fund occurred in order to repay the General Fund for amounts transferred in previous years.

#### December 31, 2020

### Note 5 - Long-term Debt (Continued)

#### **General Obligation Bonds and Contracts**

The Township issues general obligation bonds to provide for the acquisition and construction of major capital facilities. General obligations have been issued for governmental activities. General obligation bonds are direct obligations and pledge the full faith and credit of the Township. Township contractual agreements and installment purchase agreements are also general obligations of the Township.

#### Special Assessment Bonds

Special assessment debt provide for capital improvements that benefit specific properties and will be repaid from amounts levied against those properties benefited from the construction. As additional security, the Township has pledged either its limited or full faith and credit for the payment of the principal and interest thereon.

#### Debt Service Requirements to Maturity

Annual debt service requirements to maturity for the above bonds and note obligations are as follows:

|   |    |   | Go   | over  | mmental Activit   | ties |   |   |

#### Assets Pledged as Collateral

#### Direct Borrowings and Direct Placements

The Township's outstanding capital lease debt from direct borrowings related to governmental activities of \$12,205 is secured with collateral of the township copiers.

#### December 31, 2020

### Note 6 - Risk Management

The Township is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The Township has purchased commercial insurance for medical benefits provided to employees, participates in the Michigan Municipal League risk pool for claims relating to workers' compensation, and participates in the Michigan Municipal Risk Management Authority risk pool for claims relating to property loss, torts, and errors and omissions. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

The Michigan Municipal League risk pool program operates as a common risk-sharing management program for local units of government in Michigan; member premiums are used to purchase commercial excess insurance coverage and to pay member claims in excess of deductible amounts.

### **Note 7 - Defined Contribution Pension Plan**

The Township provides pension benefits to all paid on-call fire fighters through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate from six months after the date of employment. As established by the township board, contributions are calculated on employee base salary at a rate of 10 percent. The employee is also allowed to make voluntary after-tax contributions through payroll withholding in amounts ranging from 1 to 10 percent of base wages. The plan is administered by John Hancock Retirement Plan Services.

The Township's total payroll during the current year was \$6,888,341. The current year contribution was calculated based on covered payroll of \$74,325, resulting in an employer contribution of \$7,432 and employee contributions of \$697.

### Note 8 - Pension Plan

#### Plan Description

The Township participates in an agent multiple-employer defined benefit pension plan administered by the Municipal Employees' Retirement System of Michigan (MERS or MERS of Michigan) that covers all employees of the Township. MERS was established as a statewide public employee pension plan by the Michigan Legislature under PA 135 of 1945 and is administered by a nine-member retirement board. MERS issues a publicly available financial report, which includes the financial statements and required supplemental information of this defined benefit plan. This report can be obtained at www.mersofmichigan.com or in writing to MERS at 1134 Municipal Way, Lansing, MI 48917.

#### **Benefits Provided**

The plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. PA 427 of 1984, as amended, established and amends the benefit provisions of the participants in MERS.

The MERS plan covers all union and nonunion employees segregated by the groups as outlined below.

Retirement benefits for general employees (hired on or before September 1, 2011) are calculated as 2.50 percent of the employee's final three-year average salary times the employee's years of service. Normal retirement age is 60 with early retirement at 50 with 25 years of service. Vesting period is 10 years. Employees are eligible for nonduty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits, but are payable immediately without an actuarial reduction. An employee who leaves service may withdraw his or her contributions plus any accumulated interest.

#### December 31, 2020

### Note 8 - Pension Plan (Continued)

Retirement benefits for general employees (hired after September 1, 2011) are calculated as 1.50 percent of the employee's final three-year average salary times the employee's years of service. Normal retirement age is 60 with early retirement at 50 with 25 years of service. Vesting period is 10 years. Employees are eligible for nonduty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits, but are payable immediately without an actuarial reduction. An employee who leaves service may withdraw his or her contributions plus any accumulated interest.

Retirement benefits for police employees (hired on or before September 1, 2011) are calculated as 2.50 percent of the employee's final three-year average salary times the employee's years of service. Normal retirement age is 60 with early retirement at 50 with 25 years of service. Vesting period is 10 years. Employees are eligible for nonduty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits, but are payable immediately without an actuarial reduction. An employee who leaves service may withdraw his or her contributions plus any accumulated interest.

Retirement benefits for police patrol employees (hired after September 1, 2011) are calculated as 2.25 percent of the employee's final three-year average salary times the employee's years of service. Normal retirement age is 60 with early retirement at 50 with 25 years of service. Vesting period is 10 years. Employees are eligible for nonduty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits, but are payable immediately without an actuarial reduction. An employee who leaves service may withdraw his or her contributions plus any accumulated interest.

Retirement benefits for fire employees (hired on or before September 1, 2011) are calculated as 2.50 percent of the employee's final three-year average salary times the employee's years of service. Normal retirement age is 60 with early retirement at 55 with 25 years of service. Vesting period is 10 years. Employees are eligible for nonduty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits, but are payable immediately without an actuarial reduction. An employee who leaves service may withdraw his or her contributions plus any accumulated interest.

Retirement benefits for fire employees (hired after September 1, 2011) are calculated as 2.25 percent of the employee's final three-year average salary times the employee's years of service. Normal retirement age is 60 with early retirement at 55 with 25 years of service. Vesting period is 10 years. Employees are eligible for nonduty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits, but are payable immediately without an actuarial reduction. An employee who leaves service may withdraw his or her contributions plus any accumulated interest.

Retirement benefits for public safety employees are calculated as 2.50 percent of the employee's final three-year average salary times the employee's years of service. Normal retirement age is 60 with early retirement at 50 with 25 years of service. Vesting period is 8 years. Employees are eligible for nonduty disability benefits after 8 years of service and for duty-related disability benefits, upon hire. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. An employee who leaves service may withdraw his or her contributions plus any accumulated interest.

Retirement benefits for command employees are calculated as 2.50 percent of the employee's final threeyear average salary times the employee's years of service. Normal retirement age is 60 with early retirement at 50 with 25 years of service. Vesting period is 10 years. Employees are eligible for nonduty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits, but are payable immediately without an actuarial reduction. An employee who leaves service may withdraw his or her contributions plus any accumulated interest.

#### December 31, 2020

### Note 8 - Pension Plan (Continued)

#### Employees Covered by Benefit Terms

The following members were covered by the benefit terms:

| Date of member count   | December 31, 2019 |
|--|-------------------|
| Inactive plan members or beneficiaries currently receiving benefits<br>Inactive plan members entitled to but not yet receiving benefits<br>Active plan members | 52<br>12<br>83    |
| Total employees covered by the plan  | 147               |

#### Contributions

Article 9, Section 24 of the State of Michigan constitution requires that financial benefits arising on account of employee service rendered in each year be funded during that year. Accordingly, MERS retains an independent actuary to determine the annual contribution. The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by the MERS retirement board. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. The employer may establish contribution rates to be paid by its covered employees.

For general employees (hired on or before September 1, 2011), the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Employees are required to contribute 7.40 percent of compensation. The Township makes employer contributions in accordance with funding requirements determined by the system's actuary. The Township's current flat rate is \$13,281 per month.

For general employees (hired after September 1, 2011), the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Employees are required to contribute 5.00 percent of compensation. The Township makes employer contributions in accordance with funding requirements determined by the system's actuary. The Township's current rate is 3.99 percent of annual covered payroll.

For police employees (hired on or before September 1, 2011), the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Employees are required to contribute 6.25 percent of compensation. The Township makes employer contributions in accordance with funding requirements determined by the system's actuary. The Township's current flat rate is \$18,378 per month.

For police patrol employees (hired after September 1, 2011), the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Employees are required to contribute 6.25 percent of compensation. The Township makes employer contributions in accordance with funding requirements determined by the system's actuary. The Township's current rate is 5.50 percent of annual covered payroll.

For fire employees (hired on or before September 1, 2011), the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Employees are required to contribute 5.00 percent of compensation. The Township makes employer contributions in accordance with funding requirements determined by the system's actuary. The Township's current flat rate is \$11,468 per month.

For fire employees (hired after September 1, 2011), the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Employees are required to contribute 5.00 percent of compensation. The Township makes employer contributions in accordance with funding requirements determined by the system's actuary. The Township's current rate is 5.79 percent of annual covered payroll.

# Notes to Financial Statements

#### December 31, 2020

### Note 8 - Pension Plan (Continued)

For public safety employees, the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Employees are required to contribute 9.60 percent of compensation. The Township makes employer contributions in accordance with funding requirements determined by the system's actuary. The Township's current rate is 47.33 percent of annual covered payroll.

For command employees, the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Employees are required to contribute 6.25 percent of compensation. The Township makes employer contributions in accordance with funding requirements determined by the system's actuary. The Township's current rate is 25.93 percent of annual covered payroll.

#### Net Pension Liability

The net pension liability reported at December 31, 2020 was determined using a measure of the total pension liability and the pension net position as of the December 31, 2019 measurement date. The December 31, 2019 measurement date total pension liability was determined by an actuarial valuation performed as of that date.

Changes in the net pension liability during the measurement year were as follows:

|   | Increase (Decrease) |              |    |               |             |  |
|---|---------------------|--------------|----|---------------|-------------|--|

| Administrative expenses                 |                     | -            |    | (51,959)      | 51,959      |  |
| Net changes                             |                     | 2,559,784    |    | 2,517,592     | 42,192      |  |
| Balance at December 31, 2019            | \$                  | 35,357,049   | \$ | 24,804,950 \$ | 10,552,099  |  |

The plan's fiduciary net position represents 70.2 percent of the total pension liability.

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2020, the Township recognized pension expense of \$1,931,705.

# Notes to Financial Statements

#### December 31, 2020

### Note 8 - Pension Plan (Continued)

At December 31, 2020, the Township reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | <br>Deferred<br>Outflows of<br>Resources | <br>Deferred<br>Inflows of<br>Resources |
|---|--|---|
| Difference between expected and actual experience<br>Changes in assumptions<br>Net difference between projected and actual earnings on pension plan | \$<br>110,735<br>1,071,491               | \$<br>(149,961)<br>-                    |
| investments<br>Employer contributions to the plan subsequent to the measurement date  | <br>96,916<br>1,078,321                  | <br>-                                   |
| Total   | \$<br>2,357,463                          | \$<br>(149,961 <u>)</u>                 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows. These amounts are exclusive of the employer contributions to the plan made subsequent to the measurement date (\$1,078,321), which will impact the net pension liability, rather than pension expense.

| Years Ending<br>December 31  | Amount  |
|------------------------------|---|
| 2021<br>2022<br>2023<br>2024 | \$<br>379,270<br>269,971<br>508,879<br>(28,939) |
| Total                        | \$<br>1,129,181                                 |

#### Actuarial Assumptions

The total pension liability in each actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement:

| Inflation  | 2.50% |
|--|-------|
| Salary increases                                       | 3.00% |
| Investment rate of return (net of investment expenses) | 7.60% |

Mortality rates were based on a 50 percent male and 50 percent female blend of the following tables:

- The RP-2014 Healthy Annuitant Mortality Tables, with rates multiplied by 105 percent
- The RP-2014 Employee Mortality Tables
- The RP-2014 Juvenile Mortality Tables

For disabled retirees, the mortality rates were based on the 50 percent male - 50 percent female blend of the RP-2014 Disabled Retiree Mortality Tables.

#### Discount Rate

The discount rate used to measure the total pension liability was 7.60 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### December 31, 2020

### Note 8 - Pension Plan (Continued)

#### Investment Rate of Return

The long-term expected rate of return on pension plan investments was determined using a model in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return as of December 31, 2019, the measurement date, for each major asset class are summarized in the following table:

| Asset Class         | Target Allocatio | Long-term<br>Expected Real<br>n Rate of Return |
|---------------------|------------------|--|
| Global equity       | 60.00 %          | 6.15 %   |
| Global fixed income | 20.00            | 1.26   |
| Private investments | 20.00            | 6.56   |

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Township, calculated using the discount rate of 7.60 percent, as well as what the Township's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

|                                       | Percentage<br>nt Decrease<br>(6.60%) | Di | Current<br>scount Rate<br>(7.60%) | l Percentage<br>Point Increase<br>(8.60%) |
|---------------------------------------|--------------------------------------|----|-----------------------------------|---|
| Net pension liability of the Township | \$<br>14,836,880                     | \$ | 10,552,099                        | \$<br>6,963,063                           |

#### Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in the separately issued financial report. For the purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the plan's fiduciary net position and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the plan. The plan uses the economic resources measurement focus and the full accrual basis of accounting. Investments are stated at fair value. Contribution revenue is recorded as contributions are due, pursuant to legal requirements. Benefit payments and refunds of employee contributions are recognized as expense when due and payable in accordance with the benefit terms.

#### Assumption Changes

In the fiscal year ended December 31, 2020 (December 31, 2019 valuation), there were assumption changes that resulted in an increase in the calculated total pension liability. The assumptions changed during the year related to the investment rate of return.

### Note 9 - Other Postemployment Benefit Plan

#### **Plan Description**

The Township provides retiree health benefits to employees who meet eligibility requirements. This is a single-employer plan administered by the Township.

#### December 31, 2020

### Note 9 - Other Postemployment Benefit Plan (Continued)

Employees become eligible at the earlier of the following requirements:

For Michigan Association of Public Employees (MAPE) and nonunion, there are no retiree health benefits for employees hired on or after October 1, 2008. For MAPE employees hired prior to October 1, 2008, employees must have attained the age of 50 with 25 years of service or the age of 60 with 10 years of service.

For house elected officials, supervisor, treasurer, and clerk, all employees are eligible at the earlier of age 50 with 25 years of service or the age of 60 with 8 years of service.

For police patrol and police command, there are no retiree health benefits for employees hired on or after January 1, 2010. For police patrol and command employees hired prior to January 1, 2010, employees must have attained the age of 50 with 25 years of service or the age of 60 with 10 years of service.

For fire, there are no retiree health benefits for employees hired on or after January 1, 2010. For fire employees hired prior to January 1, 2010, employees must have attained the age of 55 with 25 years of service or the age of 60 with 10 years of service.

The financial statements of the OPEB plan are included in these financial statements as an Other Postemployment Benefits Fund (a fiduciary fund).

#### Benefits Provided

The Township provides medical/RX and vision benefits for retirees. All pre-65 health plans are fully insured and experience rated with a self-insured WRAP premium included to buy down the deductible. Post-65 health plans are fully insured through Blue Cross Blue Shield (BCBS).

For house elected officials, supervisor, treasurer, and clerk employees, as well as general employees, MAPE employees, and other full-time nonunion employees hired prior to October 1, 2008, the Township pays the full cost of employee only coverage for medical/RX and vision benefits. For house elected officials, supervisor, treasurer, and clerk employees, spousal coverage is paid by the Township. For all others (general, MAPE, and nonunion), spousal and family coverage may be purchased at the retiree's own expense.

For police and fire employees hired prior to January 1, 2010, the Township pays the full cost of employee and spouse coverage for medical/RX and vision benefits. Police and fire employees hired on/after January 1, 2010 are not allowed to continue health coverage with the Township. Family coverage may be purchased at the retiree's own expense.

For employees hired on or after the cutoff dates listed above, the employer contributes 3.50 percent of employee base pay for police and fire employees and \$100 monthly for all other employees into a Health Care Savings Program (HCSP) account while actively employed. Police and fire employees also contribute a mandatory 3.00 percent of employee base pay into the account. As such, these employees are excluded from the calculation of the annual required contribution and net other postemployment benefit (OPEB) obligation described below.

#### Employees Covered by Benefit Terms

The following members were covered by the benefit terms:

|  | Township<br>OPEB Plan |
|--|-----------------------|
| Date of member count   | December 31, 2020     |
| Inactive plan members or beneficiaries currently receiving benefits<br>Active plan members | 43<br>41              |
| Total plan members   |                       |

## Notes to Financial Statements

#### December 31, 2020

### Note 9 - Other Postemployment Benefit Plan (Continued)

#### Contributions

Retiree health care costs are paid by the Township on a "pay-as-you-go" basis. The Township has no obligation to make contributions in advance of when the insurance premiums are due for payment. Additional prefunding is at the Township's discretion. For the fiscal year ended December 31, 2020, the Township made payments for postemployment health benefit premiums of \$531,701. The Township also began to prefund the postemployment retiree health care liability in 2015, with payments totaling \$790,000 during the fiscal year ended December 31, 2020. Employees are not required to contribute to the plan.

#### Net OPEB Liability

The Township has chosen to use the December 31 measurement date as its measurement date for the net OPEB liability. The December 31, 2020 fiscal year end reported net OPEB liability was determined using a measure of the total OPEB liability and the OPEB net position as of the December 31, 2020 measurement date. The December 31, 2020 total OPEB liability was determined by an actuarial valuation performed as of that date.

Changes in the net OPEB liability during the measurement year were as follows:

|   | Increase (Decrease)         |    |                      |                       |             |  |  |  |  |  |  |
|---|-----------------------------|----|----------------------|-----------------------|-------------|--|--|--|--|--|--|
| Changes in Net OPEB Liability           | <br>Total OPEB<br>Liability |    | Plan Net<br>Position | Net OPEB<br>Liability |             |  |  |  |  |  |  |
| Balance at December 31, 2019            | \$<br>10,809,447            | \$ | 4,065,552            | \$                    | 6,743,895   |  |  |  |  |  |  |
| Changes for the year:                   |                             |    |                      |                       |             |  |  |  |  |  |  |
| Service cost                            | 150,951                     |    | -                    |                       | 150,951     |  |  |  |  |  |  |
| Interest                                | 829,212                     |    | -                    |                       | 829,212     |  |  |  |  |  |  |
| Differences between expected and actual |                             |    |                      |                       |             |  |  |  |  |  |  |
| experience                              | (894,858)                   |    | -                    |                       | (894,858)   |  |  |  |  |  |  |
| Changes in assumptions                  | 1,295,750                   |    | -                    |                       | 1,295,750   |  |  |  |  |  |  |
| Contributions - Employer                | -                           |    | 1,321,701            |                       | (1,321,701) |  |  |  |  |  |  |
| Net investment income                   | -                           |    | 681,347              |                       | (681,347)   |  |  |  |  |  |  |
| Benefit payments, including refunds     | (531,701)                   |    | (531,701)            |                       | -           |  |  |  |  |  |  |
| Administrative expenses                 | <br>-                       |    | (8,133)              |                       | 8,133       |  |  |  |  |  |  |
| Net changes                             | <br>849,354                 |    | 1,463,214            |                       | (613,860)   |  |  |  |  |  |  |
| Balance at December 31, 2020            | \$<br>11,658,801            | \$ | 5,528,766            | \$                    | 6,130,035   |  |  |  |  |  |  |
|   |                             |    |                      |                       |             |  |  |  |  |  |  |

The plan's fiduciary net position represents 47.4 percent of the total OPEB liability.

#### **OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related** to **OPEB**

For the year ended December 31, 2020, the Township recognized OPEB expense of \$129,740.

## Notes to Financial Statements

#### December 31, 2020

### Note 9 - Other Postemployment Benefit Plan (Continued)

At December 31, 2020, the Township reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|  | 0  | Deferred<br>utflows of<br>esources | <br>Deferred<br>Inflows of<br>Resources |  |  |  |
|--|----|------------------------------------|---|--|--|--|
| Difference between expected and actual experience<br>Changes in assumptions<br>Net difference between projected and actual earnings on OPEB plan | \$ | -<br>971,813                       | \$<br>(1,350,912)<br>(454,015)          |  |  |  |
| investments  |    | -                                  | <br>(266,809)                           |  |  |  |
| Total  | \$ | 971,813                            | \$<br>(2,071,736)                       |  |  |  |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Years Ending<br>December 31  | Amount |   |  |  |  |  |  |  |
|------------------------------|--------|---|--|--|--|--|--|--|
| 2021<br>2022<br>2023<br>2024 | \$     | (513,179)<br>(513,179)<br>(6,371)<br>(67,194) |  |  |  |  |  |  |
| Total                        | \$     | (1,099,923)                                   |  |  |  |  |  |  |

#### Actuarial Assumptions

The total OPEB liability in the December 31, 2020 actuarial valuation was determined using an inflation assumption of 2.50 percent; assumed salary increases (including inflation) of 3.00 percent; an investment rate of return (net of investment expenses) of 7.75 percent; a health care cost trend rate of 8.00 percent for 2020, decreasing 0.5 percent per year to an ultimate rate of 4.5 percent for 2027 and later years; and the SOA Pub-2010 Headcount Weighted Mortality Table fully generational using Scale MP-2020.

#### Discount Rate

The discount rate used to measure the total OPEB liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that township contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate.

Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

### Notes to Financial Statements

#### December 31, 2020

.

### Note 9 - Other Postemployment Benefit Plan (Continued)

#### Investment Rate of Return

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation. Best estimates of arithmetic real rates of return as of the December 31, 2020 measurement date for each major asset class included in the OPEB plan's target asset allocation, as disclosed in the investment footnote, are summarized in the following tables:

| Asset Class                                | Target Allocation | Long-term<br>Expected Real<br>Rate of Return |
|--|-------------------|--|
| Global equity                              | 60.00 %           | 6.15 %                                       |
| Global fixed income<br>Private investments | 20.00<br>20.00    | 1.26<br>6.56                                 |

#### Rates of Return

For the year ended December 31, 2020, the annual money-weighted rate of return on OPEB plan investments, net of OPEB plan investment expense, was 13.35 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Township, calculated using the discount rate of 7.75 percent, as well as what the Township's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

|                                      |          | Percentage<br>nt Decrease<br>(6.75%) | D  | Current<br>iscount Rate<br>(7.75%) | Percentage<br>oint Increase<br>(8.75%) |  |
|--------------------------------------|----------|--------------------------------------|----|------------------------------------|--|--|
| Net OPEB liability of the township C | PEB plan | \$<br>7,618,803                      | \$ | 6,130,035                          | \$<br>4,898,182                        |  |

#### Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate

The following presents the net OPEB liability of the Township, calculated using the health care cost trend rate of 8.00 percent, as well as what the Township's net OPEB liability would be if it were calculated using a health care cost trend rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

|  | Percentage<br>int Decrease<br>(7.00%) | Current<br>Health Care<br>ost Trend Rate<br>(8.00%) | 1 Percentage<br>Point Increase<br>(9.00%) |  |  |
|--|---------------------------------------|---|---|--|--|
| Net OPEB liability of the township OPEB plan | \$<br>4,847,182                       | \$<br>6,130,035                                     | \$<br>7,681,010                           |  |  |

## Notes to Financial Statements

#### December 31, 2020

### Note 9 - Other Postemployment Benefit Plan (Continued)

#### **OPEB Plan Fiduciary Net Position**

Detailed information about the plan's fiduciary net position is not available in a separately issued financial report. For the purpose of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the plan's fiduciary net position and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the plan. The plan uses the economic resources measurement focus and the full accrual basis of accounting. Investments are stated at fair value. Contribution revenue is recorded as contributions are due, pursuant to legal requirements. Benefit payments and refunds of employee contributions are recognized as expense when due and payable in accordance with the benefit terms.

#### Assumption Changes

- The mortality tables used was updated from the SOA RPH-2018 Total Dataset Mortality Table fully generational using Scale MP-2018 to the SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2020.
- The health care trend rates have been updated to an initial rate of 8.00 percent decreasing by 0.50 percent annually to an ultimate rate of 4.50 percent.

### Note 10 - Defined Contribution OPEB Plan

The Township offers a defined contribution OPEB plan as an alternative to the defined benefit OPEB plan upon closing of that plan in various years (see Note 9). The Township's board of trustees has authority over the plan provisions and contribution requirements and the plan is administered by Municipal Employees' Retirement System of Michigan.

All employees are eligible to participate in this plan, if not participating in the defined benefit plan. There is no required retirement age. The vesting period is 10 years for general, union, and nonunion employees and seven years for police and fire employees. Once fully vested and upon separation of employment, funds become available for reimbursement of eligible medical expenses incurred by the employee, spouse, and legal dependents. In the event of the employee's death, if there is no spouse or legal dependents, or in the event of the death of the employee's spouse or legal dependents, a named beneficiary may use the funds for reimbursement of their medical expenses.

All forfeited funds revert to the Township. If an employee returns to employment at the Township within two years of termination, the forfeited funds are reinstated.

The Township's contributions for the year ended December 31, 2020 were \$77,052.

#### Note 11 - Tax Abatements

In 2016, the Township entered into an agreement for a seven-year tax abatement with a development company. In turn, the development company will redevelop, mitigate ground fuel contamination, and bring in water and sewer utilities to 6.25 acres of property located within the Township.

For the fiscal year ended December 31, 2020, the Township's property tax revenue was reduced by \$8,670 under this program. The estimated amount of abated property taxes for the seven-year period is \$127,399.

### **Note 12 - Subsequent Events**

On May 27, 2021, the American Rescue Plan Act was approved, and the Township is estimated to receive almost \$3,100,000 under the plan. The Township will have until 2024 to spend the funds on allowable expenditures.

Notes to Schedule of Pension Contributions

Actuarial valuation information relative to the determination of contributions:

Valuation date

Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported. Contributions for the Township's fiscal year ended December 31, 2020 were determined based on the actuarial valuation as of December 31, 2018. The most recent valuation is as of December 31, 2019.

Methods and assumptions used to determine contribution rates:

| Actuarial cost method         | Entry age   |
|-------------------------------|---|
| Amortization method           | Level percent   |
| Remaining amortization period | 20 years  |
| Asset valuation method        | 10-year smoothed market   |
| Inflation                     | 2.50 percent  |
| Salary increase               | 3.75 percent  |
| Investment rate of return     | 8.00 percent  |
| Retirement age                | Experience-based table of rates is specific to the type of eligibility condition  |
| Mortality                     | Mortality rates were based on a 50 percent male and 50 percent female blend of the following tables:<br>1. The RP-2014 Healthy Annuitant Mortality Tables, with rates multiplied by 105 percent<br>2. The RP-2014 Employee Mortality Tables<br>3. The RP-2014 Juvenile Mortality Tables |
| Other information             | None  |

Notes to Schedule of Contributions

Actuarial valuation information relative to the determination of contributions:

Valuation date

Actuarially determined contribution rates are calculated as of December 31, one to two years prior to the end of the fiscal year in which the contributions are reported.

Methods and assumptions used to determine contribution rates:

| Actuarial cost method         | Entry age normal   |
|-------------------------------|--|
| Amortization method           | Level dollar   |
| Remaining amortization period | 28 years   |
| Asset valuation method        | Fair market value  |
| Inflation                     | 2.50 percent   |
| Health care cost trend rates  | 8.00 percent   |
| Salary increase               | 3.00 percent   |
| Investment rate of return     | 7.75 percent   |
| Mortality                     | SOA Pub-2010 Headcount Weighted Mortality Table fully generational using Scale MP-2020 |
| Other information             | None   |

This schedule is intended to show information for 10 years. Additional years' information will be reported as it becomes available.

## Notes to Required Supplemental Information

#### December 31, 2020

#### **Budgetary Information**

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America, except for operating transfers and the issuance of debt, which have been included as revenue and expenditures, rather than as other financing sources (uses), and proceeds from the sale of capital assets and accruals for potential property tax liabilities that are budgeted as revenue and expenditures for the General Fund and all special revenue funds. The annual budget is prepared by the township supervisor; subsequent amendments are approved by the township board. During the year, the budget was amended in a legally permissible manner.

The budget document presents information by fund, activity, department, and line items. The legal level of budgetary control adopted by the governing body is the activity basis.

Amounts encumbered for purchase orders, contracts, etc. are not tracked during the year. Budget appropriations are considered to be spent once the goods are delivered or the services rendered. A comparison of actual results of operations to the General Fund and major special revenue fund budgets as adopted by the township board is included in the required supplemental information.

During the year, the Township incurred expenditures that were in excess of the amounts budgeted, as follows:

|  | Budget                 | <br>Actual             | Variance |                    |  |
|--|------------------------|------------------------|----------|--------------------|--|
| General Fund - Office supplies<br>General Fund - Unallocated miscellaneous | \$<br>40,000<br>15,000 | \$<br>43,117<br>18,468 | \$       | (3,117)<br>(3,468) |  |

#### **Pension Information**

#### Changes in Assumptions

In the fiscal year ended December 31, 2020, there were assumption changes that resulted in an increase in the calculated total pension liability. The assumptions changed during the year related to the investment rate of return and discount rate being updated from 8.00 to 7.60 percent, and the salary growth rate being updated from 3.75 to 3.00 percent.

In the fiscal year ended December 31, 2016 (December 31, 2015 valuation), there were assumption changes that resulted in an increase in the calculated total pension liability. The assumptions changed during the year related to the investment rate of return, discount rate, and mortality tables.

#### **OPEB** Information

#### Changes in Assumptions

In the fiscal year ended December 31, 2020, there were assumption changes that resulted in an increase in calculated total OPEB liability. The assumptions changed during the year related to the mortality table being updated to the SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2020. In addition, the health care trend rates have been updated to an initial rate of 8.00 percent decreasing by 0.50 percent annually to an ultimate rate of 4.50 percent.

In the fiscal year ended December 31, 2019, the payroll growth assumption was updated from 4.00 to 3.00 percent based on actual township experience. The impact of this change was a slight increase in liabilities. In addition, the funding discount rate assumption has been updated from 7.00 to 7.75 percent based on the MERS total rate of return information for the Total Market Portfolio.

Date: June 15, 2021 To: White Lake Twp. Board of Trustees From: Mike Roman – Treasurer

Subject: 2020 Annual Treasurer's Report

All investments within Township funds are made in accordance with Michigan Public Act 20 per the Township's investment policy. Safety of capital is our foremost objective, followed by liquidity and finally yield.

### INVESTMENT INCOME

General, Police and Fire fund investments earned approximately \$268,706 in interest income in 2020 utilizing mainly FDIC insured certificates and the Oakland County Municipal Pool. All of our Financial Institutions received four-star(excellent) or five-star (superior) ratings through Bauer Financial Inc. which is an independent bank research firm. I have included these ratings in this package.

The average yield earned on General Fund, Police, Fire Dept. investments in 2019 was 1.13% compared to 2.0 in 2019 as interest rates hit all-time lows in 2020. Market yield benchmarks are provided and are based on U.S. Treasury Bill yields. We exceeded all benchmarks which I have included in this package.

### LEGACY COSTS

In regard to Legacy costs that affect White Lake Township, we continued funding our OPEB (Other postemployment benefits) liability by transferring \$790,000 to MERS (Municipal Employees Retirement System) in 2020. The OPEB transfers help to fund retiree healthcare obligations of the Township. Total transfers to MERS for OPEB amount to \$4,267,500 through the end of 2020. Our OPEB funds are currently invested in the MERS Total Market Portfolio. The value of these assets as of 12-31-20 amounts to \$5,528,765.76. The activity summary for fourth quarter 2020 is attached along with MERS Total Market Portfolio information that describes this Portfolio's objective, asset breakdown and performance.

### TAXABLE VALUE WITHIN OUR TOWNSHIP

Our 2020 Taxable value of our Ad Valorem tax roll increased from approximately \$1.180 billion to \$1.239 billion dollars an increase of approximately \$59 million dollars over the 2019 taxable value. As our general operating millage declined slightly due to the Headlee rollback, the increase in taxable value generated approximately \$39,000 in additional 2020 General Fund tax revenue over 2019.

Respectfully yours,

Mike Roman White Lake Township Treasurer

#### Star ratings are current as of 06/02/2021.

Bank star ratings are based on 03/31/2021 financial data; credit union star ratings are based on 12/31/2020 financial data.

Downloadable reports on individual institutions as well as on groups of institutions are also available from the "Tell Me More" Button.

Three easy ways to lookup an institution. First, select Bank Rating or Credit Union Rating, then...(https://www.bauerfinancial.com/)

1. Select a State. An alphabetical list of all institutions in that state will display below.

- Select by institution name. Begin typing and a list will appear with the institutions that match your input.
   If you know the FDIC Certificate Number or NCUA Charter Number, enter the unique number.

| STAR RATING DEFINITIONS        | <u></u>  |
|--------------------------------|--|
| 5 STARS                        | Superior (These institutions are recommended by Bauer.)  |
| 4 STARS                        | Excellent (These institutions are recommended by Bauer.)   |

| FDIC/<br>RSLVD                 | Institution has failed or is operating under regulatory conservatorship.   |
| Financial data is compiled for | U.S. banks and thrifts from call report data as reported to federal regulators. Although the financial data obtained from these sources is |

complied for U.S. Danks and thrifts i repor epc gui consistently reliable, the accuracy and completeness of the data cannot be guaranteed by BauerFinancial, Inc. CEO names and addresses are subject to change. While our staff makes every effort to ensure that these are current, the accuracy and completeness cannot be guaranteed by BauerFinancial.

All institutions are subject to federal regulatory capital requirements, but those requirements vary among institutions and are dependent on many factors. In general, banks are required to maintain a leverage capital ratio of at least 4%, a tier 1 risk-based capital ratio of at least 6% and a total risk-based capital ratio of at least 8%.

In addition to the capital ratio, other criteria are used to determine the BauerFinancial<sup>134</sup> Star-Rating. Some of these include but are not limited to: profitability/loss trend, evaluating the level of delinquent loans, chargeoffs and repossessed assets, the market versus book value of the investment portfolio, regulatory supervisory agreements, the community reinvestment rating (CRA), historical data and liquidity.

## **MERS Total Market Portfolio**

Retiree Health Funding Vehicle (RHFV) and Investment Services Program (ISP)

#### Objective

The MERS Total Market Portfolio is a diversified portfolio that provides current income and capital appreciation while minimizing the volatility of the capital markets.

#### **Fund Expenses**

| Administrative Fee             | 0.18% |
|--------------------------------|-------|
| Investment Management Expenses | 0.28% |
| Total Annual Operating Expense | 0.46% |

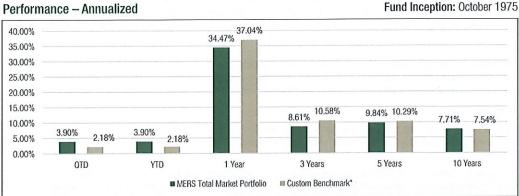

The total annual operating expense is deducted from the rate of return of the fund. This means that for every \$1,000 invested in the MERS Total Market Portfolio, a participant is charged \$4.60 in fees each year.

#### Asset Allocation

| Global Equity               | 54.5% |
|-----------------------------|-------|
| U.S. Stocks                 | 23.8% |
| European Stocks             | 12.0% |
| Japanese Stocks             | 8.5%  |
| Emerging Market Stocks      | 10.3% |
| Global Fixed Income         | 24.5% |
| U.S. Treasury Bonds         | 12.0% |
| U.S. Investment Grade Bonds | 0.0%  |
| U.S. High Yield Bonds       | 1.1%  |
| Emerging Market Bonds       | 7.3%  |
| Short Duration Bonds        | 4.1%  |
| Private Markets             | 21.0% |

#### **Risk Analysis**

| Low  | Medium   | High  |
|--|--|-------|
| Describes th<br>historical ret<br>higher stand<br>more risk du | eviation (5-Year)<br>e volatility of the<br>urns of the fund. A<br>lard deviation indicates<br>ie to higher fluctuation<br>elow the average. | 7.65% |

#### Disclaimers

#### **Returns:**

Return information prior to 10/1/2014 are presented after the Total Annual Operating Expense. After 10/1/2014, returns are presented net of Investment Manager expenses only. Past performance is no guarantee of future results. Current performance may be higher or lower. Funds are subject to investment risk from a number of sources, including the management style of the fund and market volatility. Markets are volatile and can rise or decline significantly in response to company, political, regulatory, market, or economic developments. A fund's total return, like securities prices generally, will fluctuate within a wide range. As a result, you could lose money over short or even long periods. Funds are also subject to investment-related risk, which is the chance that returns from companies invested in by the fund will trail returns from other asset classes or the overall market.

#### Fees:

The Total Annual Operating Expense consists of MERS' administrative fee and investment management expenses. MERS' administrative fee includes costs related to bookkeeping, setting trade activity, holding assets in custody at a bank, and running the day-to-day operations of the plan, which include legal, accounting, auditing, compliance, printing, and overhead costs. The investment management expenses are incurred in the direct management of the fund. These vary based on the level of assets. As assets increase, these are expected to decline.

#### General:

MERS, as a governmental plan, is exempted by state and federal law from registration with the SEC. The MERS Funds consist of a portfolio of assets managed in a separate account in a collective trust, specifically for MERS Plans. Unlike a mutual fund, only the participants in a MERS Plan can invest in the MERS Funds. Because the MERS Funds are not mutual funds, a prospectus is not available.

This summary is designed to provide descriptive information only. Investors should research all possible investment choices. Please make independent investment decisions carefully and seek the assistance of independent experts where appropriate. We recommend investors define their goals, risk tolerance, time horizon, and investment objectives to determine whether this fund is appropriate for you. Please make independent investment decisions carefully and seek the assistance of independent experts where appropriate.

Bank of New York Mellon, as the custodian for the MERS Funds, calculates the unit value as of the close of business each day. The MERS Funds invest in a broad selection of securities. Some securities may not be priced daily or prices may be determined on a delayed basis. These securities are reflected in the unit value of the fund at their most recent market value adjusted for interim cash flows.

MERS Funds are constructed utilizing several underlying investment strategies within a particular asset class. Consequently, a fund's asset allocation may vary over time as a result of underlying manager activity.

Funds are subject to investment risks from a number of sources, including the management style of the fund and market volatility. Markets are volatile and can rise or decline significantly in response to company, political, regulatory, market or economic developments. A fund's total return, like securities prices generally, will fluctuate within a wide range. As a result, an investor could lose money over short or even long periods. Funds are also subject to investment-related risk, which is the chance that returns from companies invested in by the fund will trail returns from other asset classes or the overall market.

MERS has made every effort to ensure that the information provided is accurate and up to date. For more information about this fund, please contact the MERS Service Center at 800.767.MERS (6377) or visit www.mersofmich.com.

Commissioner Meagher moved to approve the agenda as presented. Commissioner Dehart supported and the MOTION CARRIED with a roll call vote: (Carlock – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Seward – yes). 6 yes votes.

#### **Approval of Minutes**

a. May 6, 2021

Commissioner Seward moved to approve the minutes of May 6, 2021 as presented. Commissioner Grubb supported and the MOTION CARRIED with a roll call vote: (Carlock – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Seward – yes). 6 yes votes.

Call to the Public (for items not on the agenda)

No callers were waiting to speak at the Call to the Public.

#### **Public Hearing:**

None

#### **Continuing Business:**

#### a.) Preserve at Hidden Lake

Location: Located on the west side of Union Lake Road, and south of Hutchins Road, consisting of approximately 38.33 acres. Identified as parcel 12-36-101-001, 12-36-101-003, and 12-36-101-004. Currently zoned as (PD) Planned Development.

Requests: 1) Amended Final Site Plan Approval

#### 2) Amended Planned Development Agreement Approval

Applicant: PH Homes (Craig Piasecki) 8255 Cascade Ave, Suite 110 Commerce Twp, MI 48382

Mr. O'Neil noted that PH Homes felt the duplex condos are more marketable than the Townhouses and the Planning Department agrees. This reduces density by 23 units. This is zoned PD and they need to amend the Final Site Plan and Final Planned Development Agreement. Mr. O'Neil discussed the approval letter from McKenna. There was some discussion about the setback of Unit 89. It will be 25' feet. Mr. O'Neil would like to see some more buffering with landscaping in certain areas. It appears to be more dense because they are duplexes instead of Townhouses, but the end result is better. The Planning Commission asked to see elevations. Mr. O'Neil was able to show the elevation to the Planning Commission members. They are garage to garage. There will be a loft option. Commissioner Dehart asked about guest parking. You can fit two cars in each driveway and the rest of any visitor parking would be in the street. They have full basements. Mr. O'Neil noted that DLZ approved the plan subject to verification of unit numbering and phasing and some other items that need to be cleaned up. This is almost a 20% reduction in density. We want to help them keep moving along during construction season. Mr. Leuffgen said that it's a pretty easy approval but stressed the unit numbering.

Commissioner Slicker wanted to comment about the sidewalk dead ending at Hutchins. At the sidewalk connections near the existing side streets, he would like to see some protection or some kind of buffer. Fencing and landscaping could box it in. The watermain is going under the wall for the entrance and Mr. Leuffgen noted that the watermain is already in. The sidewalk at Hutchins runs into the adjacent property, but it could be moved out more toward the right of way.

Commissioner Seward moved to recommend the approval of the amended Final Site Plan for the parcel located on the west side of Union Lake Road, and south of Hutchins Road, consisting of approximately 38.33 acres. Identified as parcel 12-36-101-001, 12-36-101-003, and 12-36-101-004. Currently zoned as (PD) Planned Development. The approval is subject to adding additional trees to the Northeast corner of Lot 97, subject to the elevations as presented, subject to adding fencing and landscape to box in the sidewalks ending at Millward, Ashdown, Mandon and Kettering, subject to rerouting the sidewalk that stubs out along Hutchins, subject to all consultant and Planning Department comments. Commissioner Dehart supported and the MOTION CARRIED with a roll call vote: (Carlock – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Seward – yes). 6 yes votes.

Commissioner Meagher moved to recommend the approval of the amended Final Planned Development Agreement for the parcel located on the west side of Union Lake Road, and south of Hutchins Road, consisting of approximately 38.33 acres. Identified as parcel 12-36-101-001, 12-36-101-003, and 12-36-101-004. Currently zoned as (PD) Planned Development. The approval is subject to all consultant and Planning Department comments. Commissioner Dehart supported and the MOTION CARRIED with a roll call vote: (Carlock – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Seward – yes). 6 yes votes.

#### Old Business:

No old business.

#### **New Business**

a)

#### Elizabeth Lake Retail (Elizabeth Lake Road & Highland Road)

Location:located on the south side of Highland Road at the southwest corner ofElizabeth Lake Road, consisting of approximately 9 acres.Request:Conceptual Discussion and Review (No action to be taken)

Applicant: MA Archmaster (Nazir Jawich)

Ms. Carlock noted that this looks like what came before us as a concept previously. The review comments are due back to Planning on June 9<sup>th</sup>. Mr. O'Neil noted that this is an opportunity to provide feedback. You had given some direction back in March, and the Township board was in agreement with the Planning Commission comments.

David Yaldo was in attendance to discuss his conceptual plan. He noted the drive along the rear of the property is for future access for the adjacent site. There is some outside seating, the buildings have been pushed back along Highland Road. Nazir Jawich discussed the concept. He thinks it will be more of an area for walkability, people can come out and walk the shops. They have proposed a sidewalk to the library. He noted that this has been in the making prior to Covid. They lost Aldi during Covid, it was originally planned to be here. There is also an open area for future development. He feels this is the best setup for this parcel. Commissioner Meagher asked if this property is owned or under contract. It's under contract. The previous site plan was very similar. The library is immediately south. Looking at it as a developer, what could I build here that would fit better with the Township and be more harmonious for the Township. Mr. O'Neil noted that previously you had concerns about the Master Plan. Is this in keeping with the Master Plan? Planned Business doesn't allow for residential. The future development couldn't contain residential. It allows for a mix of non-residential uses, but might allow for a care facility. It's tough without knowing what they would plan for the future development area. The ring road could be reoriented. We're just flushing ideas out right now, we speak through our master plan. This is a mixed use area and they should work within that framework. Commissioner Meagher is concerned with the potential traffic with two drive thrus. Commissioner Seward has some of the same comments as Commissioner Meagher. It looks like another strip mall, some of them don't look great and they are empty. The elevations he sees don't seem to mesh together. For example, Town Center containing Waterfall, etc. looks like they were planned together. Mr. Yaldo noted that they are open to discussion, they want it to be a nice development too.

Bear in mind this is a commercial development. Commissioner Grubb was hoping to be more wowed. She doesn't care for the drive thrus. Mr. Yaldo stated that in Northville they fought it, but drive thrus are the way after Covid. Commissioner Dehart can't see where people would consider this a walkable with two drive thrus. She would really want to know what was planned for the future area. Commissioner Slicker is concerned about the walkability. The sit down areas between the building doesn't seem like quality outdoor seating and good fill with trash easily. Commissioner Slicker noted that the corner of 59 and Elizabeth Lake Road as proposed isn't accurate, he's not sure if this is accurate without a survey. He would like to see more of a focal point that people would go to see. How do you make the turn out of the drive thru, he's not sure that would work.

Commissioner Carlock concurs with everyone's comments. It's pretty much the same site plan. You have added some things. The corner treatments in Canton and other areas would be better examples. She was looking for something more pedestrian friendly. With Covid, people need to be outside.

Mr. O'Neil wanted to ask what your plans were with the 25' wetland buffer. There is a good deal of the ring road touching the wetland. How will you address that? It shows significant storm water basins within the wetlands buffer. Mr. Jawich said the ordinance doesn't prevent them being in the buffer and they have to have detention, a variance may achieve that. The ring road is a big deal. Mr. O'Neil noted that it's one of the features that stands out. There are some concerns with it being right at the edge of the wetlands. When it's a shared area, no one really takes care of the outdoor space and it would need to be addressed in the development agreement. Mr. Jawich stated that we feel we've come up with a major development. We all want to come up with a sound project, that's why we asked for the meeting.

Commissioner Carlock was expecting to see more changes. Commissioner Anderson would like them to listen to what we're saying and come back with a viable plan. Mr. O'Neil asked if the applicant had any questions, they do not. Mr. Jawich thanked everyone for their time, hopefully we'll have a project that will serve us and the community.

#### Liaison's Report

Commissioner Grubb reported on the last Parks and Recreation meeting.

Commission Dehart reported that they had two applicants for the last ZBA meeting. There was an issue with the maximum building height on one case. The monument sign for the McDonald's remodel near Meijer will be moved back.

#### Planning Consultant's Report

DPS Director Potter reported that they are finaling up the SAD near Sugden. They are working on a Drinking Water Revolving Fund. They are adding iron filtration to Aspen Meadows which serves a large portion of residents on the North end of the Township.

#### **Director's Report:**

Mr. O'Neil reported that the Township received a grant from the Ralph Wilson Foundation for the Triangle Trial for \$ 50,000. Mr. Quagliata put the grant together so Mr. O'Neil wants to give him

accolades. The foundation has already sent the money. They may be able to go back and ask for additional funds. The second reading for Stanford Holdings rezoning along Cooley Lake will happen soon. River Caddis is the company that the Township will engage with for the CCDC. We are getting our third Taco Bell at the Meijer outlot. Centerpointe Plaza is being wrapped up and he would love to hear from possible tenants. 4 Corners apartments has 13 tenants to date. Commissioner Dehart noted that we have such a creative vision for the downtown area, could we suggest that Yaldo work with River Caddis? Mr. O'Neil stated that is an interesting idea. The uses aren't out of line for a parcel along 59, but he agrees with a lot of what was said tonight. How it looks and how it functions is important. I hope they heard that and want to have further conversation. They have come in at a time when we're hyper focused. They have an opportunity to be a part of a really great plan. It's not us pushing back, we're nudging towards Master Plan. River Caddis would probably sit down with them. Commissioner Meagher stated it's a great idea for them to talk with River Caddis.

#### **Other Business:**

None.

**Communications:** None.

Next Meeting Dates: June 17, 2021 July 1, 2021

Adjournment:

Commissioner Meagher moved to adjourn the meeting at 8:38 p.m. Commissioner Dehart supported and the MOTION CARRIED with a roll call vote: (Carlock – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Seward – yes). 6 yes votes

#### **RE:** Preserve at Hidden Lake – Planned Development Agreement –First Amendment- 1<sup>st</sup> Review

DLZ Job No. 1845-0886-00

#### Dear Mr. O' Neil,

The applicant is proposing a 68 unit detached single family and a 29 unit attached single family development on a 37.99 acre parcel located off Union Lake Road. This is a review of the first amendment to the original PDA documents that were prepared for Preserve at Hidden Lake, LLC. and were submitted to this office on May 7, 2021 via Dropbox.

The following items were submitted as part of this review:

- Draft PDA Agreement- First Amendment
- Exhibit 1- Site Plan (with no date included)
- Exhibit 2- Development Schedule

We offer the following comments for your consideration:

#### <u>General</u>

- 1. Exhibit 1, Sheet 1 will require correction for the number of total units listed for PH.4-17. The Exhibit sheet lists 28 units. We count 29 units. Please verify.
- 2. The revised Final Site Plan is currently under review by our office. Since the approved revised Final Site Plan will be Exhibit 1 for the above PDA amendment, the PDA amendment approval will need to be conditioned on approval of the revised Final Site Plan.

INNOVATIVE IDEAS EXCEPTIONAL DESIGN UNMATCHED CLIENT SERVICE WLT- Preserve at Hidden Lake PDA – Review .01 May 18, 2021 Page 2 of 2

#### Recommendation-

We recommend approval of the PDA Amendment subject to review and approval of the Revised Final Site Plan by our office and the resolution of the above referenced item #1.

If you have any questions, please feel free to call me.

Sincerely,

**DLZ** Michigan

M Jeas

# MCKENNA

May 21, 2021

Planning Commission Charter Township of White Lake 7525 Highland Road White Lake, MI 48383

 Subject:
 Preserve at Hidden Lake Planned Development

 Development Agreement Amendment Review #1

Location: West side of Union Lake Road, between Cooley Lake and Hutchins Roads

Dear Planning Commissioners:

Preserve at Hidden Lake, LLC has submitted revised plans to develop a 97-unit residential development on a site consisting of 38.33 gross acres for PD zoning. The site contains a 6.38-acre lake. The plans previously proposed a mixture of 37 townhouse units, 12 duplex units, 3 units in a three-plex configuration, and 68 single-family lots. The revised final site plan proposes 68 single-family lots in a similar configuration to the previously submitted plans, with 29 duplex units. The applicant is no longer proposing the 37 townhouse units as was previously considered by the planning Commission in May of 2019.

The Planned Development review process involves the following three (3) steps:

- Preliminary Site Plan Review: This is the step in which the number of units and road layout are established, the amount of open space is determined, and other project details are decided upon. At the preliminary review step the Planning Commission holds a public hearing. The Planning Commission must review the PD proposal and make a recommendation to the Township Board for the preliminary site plan. The Township Board is required to take action, approving or denying the preliminary site plan. The property is rezoned to PD at the end of this step.
- 2. <u>Final Site Plan Review</u>: Final site plan review is the step at which all of the details are included on the final site plan and all of the conditions of preliminary site plan review must be satisfied. The Planning Commission is required to review the final site plan and take action, approving or denying the final site plan. It is at this step where the Planning Commission also reviews the proposed Development Agreement and makes a recommendation to the Township Board
- 3. <u>Development Agreement Review</u>: Upon recommendation of the Development Agreement by the Planning Commission, the Township Board takes final action on the Development Agreement.

#### **Review Comments**

We have the following comments on the Development Agreement:

#### 1. Information Required per Zoning Ordinance, Section 6.7(B)(i)(c):

- **a.** Any other information deemed necessary by the Township, the Township Attorney, or Township Engineer.
- **b.** Along with the revised site plan, we believe the revised landscape plan should be included as an exhibit.

#### **Recommendation**

We recommend that once these outstanding comments are addressed to the satisfaction of the Planning Commission, the agreement be recommended for approval.

If you have any questions about this report or require additional information, please do not hesitate to contact us.

Respectfully submitted,

Мскейия

### RE: Review of First Amendment to Planned Development Agreement Preserve at Hidden Lake

Dear Sean:

You asked that we review of the proposed First Amendment to the Planned District Development Agreement for the Preserve at Hidden Lake sent by transmittal sheet dated May 7, 2021. Our comments follow:

- 1. Prior to the execution of this Amendment, the Developer must provide documentation evidencing ownership of the Property. In addition, a company resolution authorizing the signer to execute the Agreement on behalf of the LLC is required.
- 2. The Liber and Page of the PD Agreement in Paragraph A is incorrect. The correct Page is 549.
- 3. In Paragraph 1, the date of the Final Site Plan attached as Exhibit B to the PD Agreement is incorrect. It should be November 30, 2018.
- 4. In accordance with the Township's updated policy, Paragraph 4 should be revised to require recordation of the Amendment.
- 5. We defer comments on the Exhibit B to the Township Engineer.

If you have any additional questions or would like to discuss this matter further, please call or email.

Very truly yours,

ROSATI SCHULTZ JOPPICH & AMTSBUECHLER PO Hamamel

Lisa J. Hamameh

cc: Mike Leuffgen

# FIRST AMENDMENT TO

## PRESERVE AT HIDDEN LAKE

## PLANNED DISTRICT DEVELOPMENT AGREEMENT

This is the First Amendment to the Preserve at Hidden Lake Planned District Development Agreement dated September 10, 2019 ("PD Agreement") by and between Preserve at Hidden Lake, LLC, a Michigan limited liability company ("Developer") having its principal office at 8255 Cascade Ave., Suite 110, Commerce, MI 48382, and the Charter Township of White Lake, a Michigan municipal corporation ("Township"), having its principal office at 7525 Highland Rd., White Lake, MI 48383. This amendment is effective

#### Recitals

A. Developer and Township entered into the PD Agreement in order to allow Developer to develop, or cause to be developed pursuant to and in accordance with the Township Zoning Ordinance, the property described on Exhibit A of the PD Agreement and as shown in the Final Site Plan on Exhibit B of the PD Agreement, according to the Development Schedule set forth on Exhibit C of the PD Agreement. The PD Agreement was recorded in the office of the Oakland County Register of Deeds on September 13, 2019 at Liber 53248 Page 511.

B. Developer has revised the Final Site Plan, which revision is dated ("Site Plan No. 2"). Site Plan No. 2 was approved by the Township Planning Commission ("Planning Commission") on \_\_\_\_\_\_. Site Plan No. 2 was approved by the Township Board of Trustees on \_\_\_\_\_\_. A copy of Site Plan No. 2 is attached hereto as Exhibit 1.

C. Developer has revised the Development Schedule, which revision is attached hereto as Exhibit 2.

D. Developer and Township desire to amend the PD Agreement by replacing the Final Site Plan (Exhibit B of the PD Agreement) with Site Plan No. 2, attached hereto as Exhibit 1, and by replacing the Development Schedule (Exhibit C of the PD Agreement) with the Development Schedule attached hereto as Exhibit 2.

NOW, THEREFORE, Developer and Township agree as follows:

1. The Final Site Plan dated October 5, 2018 attached as Exhibit B to the PD Agreement is hereby deleted, and Site Plan No. 2, attached hereto as Exhibit 1, shall be substituted in its place and stead as Exhibit B to the PD Agreement.

2. The Development Schedule attached as Exhibit C to the PD Agreement is hereby deleted, and the Development Schedule attached hereto as Exhibit 2 shall be substituted in its place and stead as Exhibit B to the PD Agreement.

3. The remainder of the PD Agreement is hereby reaffirmed in its entirety.

4. This First Amendment to Preserve at Hidden Lake Planned District Development Agreement, or a notice of its existence, shall be executed by the Developer and the Township and recorded by the Developer in the office of the Oakland County Register of Deeds, and may be recorded by the Township following the execution of this Amendment.

(SIGNATURES ON NEXT PAGE)

The undersigned have executed this First Amendment to Preserve at Hidden Lake Planned District Development Agreement effective as of the day and year first written above.

# Storm Water Facilities Maintenance Plan

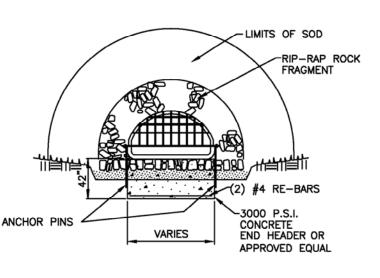

The "Preserve @ Hidden Lake" Homeowners Association shall be responsible for the maintenance of all the storm water facilities. (Note: The developer is responsible until the HOA exists).

*These facilities include the following:* 

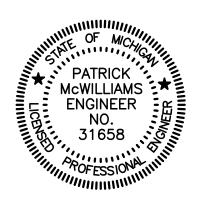

- Retention Basin Pond
- Pretreatment Structure Manholes
- Manholes, Rear Yard Catch Basins, End Sections & connecting pipe work
- *Rear vard swales (within easements)*

*The HOA shall hired a qualified contractor to do the following Maintenance Schedule (including report kept on record):* 

- 1. The (6) Pretreatment Structures shall be inspected by a qualified contractor on a semi-annual basis (twice/year) and necessary action taken to clean out the structures in accordance with the manufacturers guidelines.
- 2. The Pond shall be inspected on any annual basis by a qualified contractor and/or civil engineer to insure it is functioning as designed.
- 3. The storm structures & swales shall be inspected on a bi-annual basis (every two years). This is an "above ground" visual inspection to determine if any structures are "failing", (i.e. ground has sank around structure, etc.)

# WHITE LAKE TOWNSHIP DEPARTMENT OF PUBLIC SERVICES 7525 Highland Road, White Lake, Michigan 48383-2900, (248) 698-7700, www.whitelaketwp.com

June 4, 2021

Honorable Board of Trustees Charter Township of White Lake 7525 Highland Road White Lake, MI 48383

# Re: Utilities Maintenance Foreman and Utility Maintenance Worker Grade IV-I Job Descriptions and Hiring

Honorable Board of Trustees,

Attached are two job descriptions that have been written and reviewed in collaboration with the Township Supervisor and the Human Resources Director for positions in DPS.

The proposed Utilities Maintenance Foreman would oversee day to day maintenance and operation of the water system under the direct supervision of the DPS Director. I have been holding back on bringing this position to you for some time until the water rate structure and the Fee Ordinance were complete. We were also waiting for the opportunity for our highest seniority operator to write his required State of Michigan S-1 and D-1 Certification exams. Unfortunately, due to Covid, the state did not offer the exams last year and has backed up the testing from May until the end of July. The rate study and ordinance have been completed for a few months and I do not want to keep waiting on the State as our busiest season is now.

# DPS requests that you approve the job description as written and authorize the Human Resource Director to move forward with the hiring process.

Following the creation of the Foreman position, our intension is to hire another operator. We have not been able to keep up with the new construction, water and sewer system maintenance and operation, as well as the ever-increasing regulatory requirements of PA 399.

The job description for Utilities Maintenance Worker Grade IV-I in an update of the job description of the current DPS operators. This job description more accurately reflects the types of duties that our operators perform. The four (4) grades tie the pay rates directly to the levels of State of Michigan S and D Certifications. This puts the onus in the hands of the employee to achieve the certifications and equitable and appropriate based on the certification level achieved. This also gives maximum return on the DPS training budget as the employee is motivated to achieve the higher certifications and corresponding pay rate increase. In the end, the Township get highly trained, certified experts that are earning their pay and are fairly compensated. Happy employees.

I was instrumental in instituting a similar system in Waterford Township when I was elected as a contract negotiator for the Teamsters in DPW. Although these would be non-union positions in White Lake, they are very comparable. This system has worked well for Waterford and is still in use in their current contract. It is much simpler than writing four (4) separate job descriptions which in reality often do the same work together. This also provides the maximum flexibility for me in how I utilize my workforce.

Pay rate for this position was worked backwards from the current rate of the current operator positions. These were then compared to rates and responsibilities for similar positions in neighboring groundwater systems.

DPS requests the Board of Trustees approve the job description and pay rates for the Utilities Maintenance Worker Grade IV-I and authorize the Human Resource Director to move forward with the hiring process.

Please contact me if you have any questions regarding these items. I am happy to discuss them with you.

Sincerely,

Aaron Potter DPS Director Charter Township of White Lake

#### Non Exempt Updated: March 2021

#### **DEPARTMENT:** Public Services

**<u>REPORTS TO:</u>** Public Services Director

### **GENERAL STATEMENT OF DUTIES:**

Under the supervision of the Department of Public Services Director, oversees ,schedules, and performs duties and tasks as required to operate and maintain Township water, and sewer systems. The position supports the activities of the department through the inspection, maintenance, repair, operation, installation and control of systems that provide efficient and reliable services to Township residents.

## **EXAMPLES OF ESSENTIAL JOB FUNCTIONS**

An employee in this classification may be called upon to do any or all of the following: (These examples do not include all of the tasks which the employee may be expected to perform. They are not to be limited to or intended to be an exhaustive list of all job duties to be performed by those within the classification.)

- Oversees and organizes the day to day duties and responsibilities of DPS Utilities Maintenance Workers. Reports these duties and responsibilities directly to DPS Director
- Oversees, organizes, and/or performs inspection and/or repairs of facilities, maintains portable water reservoirs and pump stations, lift stations, meters, and drainage systems at frequent intervals to insure that all aspects of the systems are functioning properly.
- Maintains a variety of records relating to inspections, maintenance activity, water supply, consumption, testing etc. Reads meters to support utility billing function.
- Oversees, organizes, and/or performs utilities locating of water or sewer mains, services, and other appurtenances for utility company and/or property owner.
- Responds to complaints regarding water leaks, water quality, pressure loss or no water, flooding; evaluates situation; reports findings to Director.
- Manages customer correspondence related to outages, water or sewer service interruptions, or other activities or events that may adversely affect water quality .
- Maintains and troubleshoots problems with water supply, water treatment processes, water or sewer pumps.
- Monitors the operations and responds to all alarms of the systems through the use of SCADA.
- Oversees, organizes, and/or performs repairs or installations of the water supply or distribution systems. Cuts, fits, lays, repairs, taps, cleans and flushes water mains, pipes, gates and fittings on repair of mains and services and installation of services, fire hydrants; assists in shutting off broken sections of water mains.
- Insures the proper maintenance and storage of equipment and tools by cleaning and checking equipment and tools after use. Performs designated minor repairs on equipment.
- Oversees, organizes, and/or performs routine inspection and prevention maintenance on all DPS equipment and refers defects or needed repairs to Director; cleans equipment.
- Oversees, organizes, and/or performs all duties in conformance to appropriate safety and security standards such as Confined Space Entry Program.
- Oversees, organizes, and/or performs required labor involved in construction and maintenance projects as part of a crew, including pavement cutting, ditch digging, manhole and line cleaning, main and pipe repair, laying and backfilling.
- Oversees, organizes, and/or performs inspection of all new taps, service lines and trenches.

- On call 24 hours per day, 7 days per week for rotating "Standby" shift. Must report for work during emergency conditions regardless of standby shift. While on standby is responsible to monitor and respond to SCADA alarms and/or after hours customer emergency calls.
- Reports illegal water connections and service leaks directly to Director.
- Responsible for water tower surveillance and monitoring.
- May inspect plumbing connections as related to system.
- Oversees, organizes, and/or performs water meter repairs or replacement or coordinates repairs with contract vendor.
- Maintains appropriate inventory levels, coordinates the purchase of new meters and parts used in making meter repairs with Secretary staff.
- Oversees, organizes, and/or performs maintenance and operation of drinking water wellhouses and water treatment facilities.
- Oversees, organizes, and/or performs operation, maintenance and exercising of valves in accordance with best management practices.
- Performs miscellaneous general labor and custodial work as required by Township.
- Assists in hydrant flow tests. Provides labor for hydrant maintenance, flushing, painting, service and winterizing.
- Oversees, organizes, and/or performs duties of FOG Ordinance and program.
- Oversees, organizes, and/or performs duties of Cross Connection Control Program.
- Performs inspections for Township Rental Ordinance.
- Oversees, organizes, and performs duties required under PA399 Safe Drinking Water Act of 1976 as amended such as water quality monitoring and sampling.
- Maintains appropriate certifications and files reports as needed to satisfy all State of Michigan requirements to operate, maintain and test White Lake Township water supply system.
- All other duties as assigned.

**<u>MINIMUM QUALIFICATIONS</u>** The requirements listed below are representative of the minimum qualifications, knowledge, skills, and abilities required to successfully perform the essential functions of the position.

- Graduation from high school or GED equivalent.
- Five (5) years of experience relating to construction, maintenance, or repair in Public Works or a related field.
- Applicants should have some computer experience relating to Public Works activities in areas of software maintenance programs, RF telemetry, SCADA, GIS and work reports.
- Must possess a State of Michigan D-1 license to operate the filtration system.
- Must possess a State of Michigan S-1 certification to operate the water distribution system.
- Candidate not currently possessing these licenses will be required to obtain them within one (1) year from date of hire or promotion in order to maintain employment. Must obtain an MWEA Collections Grade 4 Certification within four (4) years in order to maintain employment.
- Must possess a valid Michigan Driver's License.
- Must possess a mechanical aptitude.
- Maintain the appropriate certifications to satisfy the requirements of the State of Michigan to operate and maintain the system.

### KNOWLEDGE, SKILLS

• Knowledge of equipment, facilities, materials, methods and procedures used in maintenance, construction and repair activities, and possess a mechanical aptitude.

- Ability to perform heavy manual tasks for extended periods of time; Demonstrated ability to climb ladders and enter manholes, vaults and narrow openings; Freedom from fear of high places and confined spaces.
- Ability to work safely;
- Ability to communicate effectively verbally and in writing.
- Ability to read and interpret construction plans.
- Ability to establish and maintain effective working relationships with other employees, other departments and the public.
- Ability to understand and carry out written and oral instructions.
- Ability to work outside in extremely hot, damp and/or cold weather.
- Familiarity with Township government, ordinance policies and procedures.
- Familiarity with water, sewer, storm and filtration systems
- Familiarity with departmental policies and procedures.
- Familiarity with tools and equipment.
- Familiarity with applicable Michigan laws, Rules and Regulations.
- Familiarity with computer operations utilizing a variety of software.

### WORKING CONDITIONS AND PHYSICAL DEMANDS

- The physical demand described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
- While performing the duties of this job, the employee is regularly required to use hands and fingers to handle, feel or operate objects, tools or controls and reach with hands and arms. The employee frequently is required to stand and talk or hear. The employee is regularly required to walk, sit, climb or balance; stoop, kneel, crouch or crawl and smell.
- The employee must regularly lift and/or move up to 50 pounds and frequently lift and /or move up to 100 pounds. Specific vision abilities required by this job include close vision, distance vision, peripheral vision, depth perception and the ability to adjust focus.
- While performing the duties of this job, the employee frequently works in outside weather conditions. The employee frequently works near moving mechanical parts, regularly exposed to wet and slippery surfaces, humid conditions, extreme heat and cold; is regularly exposed to exhaust fumes and toxic chemicals.
- This position is regularly exposed to dust, fumes, chemicals, or unsanitary conditions such as those found in public restrooms and common areas. An employee in this position must have the strength, stamina, manual dexterity and physical coordination to access various outdoor work sites, perform duties and operate necessary tools and equipment.

Pay rate for this position shall be \$61,385.99/ year.

# JOB DESCRIPTION CHARTER TOWNSHIP OF WHITE LAKE UTILITY MAINTENANCE WORKER GRADE IV-I

### Non-Exempt Updated: June 2021

**DEPARTMENT:** Public Services

**<u>REPORTS TO:</u>** Public Services Foreman

### **GENERAL STATEMENT OF DUTIES:**

Under the supervision of the DPS Foreman, performs duties and tasks as required to operate and maintain Township water, sewer systems. The position supports the activities of the department through the inspection, maintenance, repair, operation, installation and control of systems that provide efficient and reliable services to Township residents.

This position has four (4) tiers beginning at Grade IV. Pay rate for each tier shall be set to the State of Michigan drinking water S (Distribution) and D (Limited Treatment) certification held by the employee as outlined in the attached table. Advancement to the next Grade level is automatic as the higher certifications are achieved.

#### **EXAMPLES OF ESSENTIAL JOB FUNCTIONS**

An employee in these classifications may be called upon to do any or all of the following: (These examples do not include all of the tasks which the employee may be expected to perform. They are not to be limited to or intended to be an exhaustive list of all job duties to be performed by those within the classification.)

- Performs inspection and/or repairs of facilities, maintains portable water reservoirs and pump stations, lift stations, meters, and drainage systems at frequent intervals to insure that all aspects of the systems are functioning properly.

### WHITE LAKE TOWNSHIP 7525 Highland Road • White Lake, Michigan 48383-2900 • (248) 698-3300 • www.whitelaketwp.com

June 7, 2021

Dear Board of Trustees,

I have been asked to prepare an amendment to the Administrative Policies and Procedures Section 3.3 Classification and Compensation as attached. The following recommendation is to add the amended language for the positions of Deputy Clerk and Deputy Treasurer:

The appointed positions of Deputy Clerk and Deputy Treasurer will be subject to a board approved employment contract which will define their terms of employment. These positions are at-will appointees of the Township Clerk and Township Treasurer.

Individual contracts will allow for considerations to be made regarding vacation time and other ancillary benefits. The contracts and any variations from policies and procedures would require board approval.

In addition, the following options have been prepared for your consideration to adjust the current wage scale for the Deputy Clerk and Deputy Treasurer. The options condense the current wage scale into either 2 (two) or 3 (three) steps.

Current 2021 Wage Scale: Start: \$61,601 1 year: \$63,657 2 year: \$65,111 3 year: \$66,469 4 year: \$70,819

Option #1: Start: \$66,469 4 year: \$70,819 Option #2 Start: \$ 66,469 1 year: \$68,500 2 year: \$70,819

Currently with approval of the township board, a department head may authorize a new employee with prior years of comparable experience to be placed in an appropriate step.

Please contact me if you have any questions.

Courry Decocher

Sincerely, Cathy Derocher Human Resources Manager

attachment

### 3.2 (b) - Confidentiality of Personnel Files

The contents of the employee personnel files shall be considered confidential. With reasonable advance notice, an employee may examine the contents of his or her personnel file under the direct supervision of the Clerk. Board members and the personnel officer shall be provided viewing of any personnel file. The contents of an employee's personnel file shall not be removed by anyone. Confidential information contained in a personnel file shall be released to others only with the written authorization of the employee. Personnel files will be kept for at least five years following an employee's termination.

#### 3.2 (c) - Freedom of Information Act Requests

Requests for copies of documents contained in the personnel files that are made pursuant to the Freedom of Information Act will be released only after confidential information that may be contained on the document is deleted. The Clerk may contact the township attorney for advice in responding to a Freedom of Information Act request involving personnel records. Pursuant to the Michigan Freedom of Information Act, the Township Supervisor, after consulting with the Township Attorney, shall notify in writing any party requesting confidential information that the request is denied.

## 3.3 - Classification and Compensation

The Township Board shall establish an equitable compensation system for township employees. The Board shall determine a pay range for all township positions.

New employees shall be assigned to the first salary step of the position pay range. With the approval of the Township Board, a department head may authorize a new employee with prior years of comparable experience to be placed in an appropriate salary step.

The appointed positions of Deputy Clerk and Deputy Treasurer will be subject to a board approved employment contract which will define their terms of employment. These positions are at will appointees of the Township Clerk and Township Treasurer.

#### 3.4 - Employee Safety

The Building Official is hereby appointed as the township safety officer. It shall be the duty of the safety officer to assess the general working conditions of the township on a continual basis. Any conditions that create a safety hazard shall be corrected immediately. The safety officer shall report to the Township Board any unsafe condition that will require a modification of any Board adopted policy or procedure or the expenditure of funds exceeding \$100.00 to eliminate that condition.

#### 3.5 - Authorized Work Force

The Township Board shall determine the number of employees assigned to the various township offices. At its discretion, the Board may declare a moratorium on filling any vacancies.

### 3.6 - New Position Procedure

The following procedure shall be used to authorize new positions:

The department head shall discuss the need for the new position with the Supervisor.

If the Supervisor agrees that the proposed position should be recommended to the Board, the department head shall submit a draft job description along with pay scale, and written position justification to the Supervisor, who may approve, modify or reject the draft job description

# INTEROFFICE MEMORANDUM WHITE LAKE TOWNSHIP

Rik Kowall, Supervisor Anthony L. Noble, Clerk Mike Roman, Treasurer

Trustees Scott Ruggles Liz Fessler Smith Andrea C. Voorheis Michael Powell

# **OFFICE OF THE CLERK**

TO: Board of Trustees

FROM: Anthony L. Noble

SUBJECT: Resuming door-to-door solicitation permits

DATE: June 3, 2021

In June 2020 the Township Board motioned to approve suspending the issuing of door-to-door solicitation permits because of the work from home order. With that order now being lifted it is no longer a valid reasoning. It is my recommendation to resume issuance of the solicitation permits.

# WHITE LAKE TOWNSHIP

## **COMMUNITY DEVELOPMENT DEPARTMENT**

**DATE:** June 4, 2021

**TO:** Township Board of Trustees

FROM: Sean O'Neil, Planning Director

**SUBJECT:** Triangle Trail Design

As you are aware, the Township wishes to complete the missing sidewalk sections on the south side of M-59, between Elizabeth Lake Road and Teggerdine Road, as well as sidewalks down the east side of Elizabeth Lake Road and the west side of Teggerdine Road, until they meet, creating a "Triangle Trail" system. We received a proposal from DLZ for the design of this trail on 6/26/20, which totaled \$55,000 in cost. Our office recently submitted a design grant request to the Ralph C. Wilson Jr. Foundation to cover the design of the Triangle Trail, and the Township was awarded, \$50,000 for this project. The remaining \$5,000 would come from the Parks & Recreation fund. The Parks & Recreation Committee will consider this same request at their June 9<sup>th</sup> meeting, and we anticipate that they will recommend approval of this design to the Township Board.

It is our recommendation that the Board approves the request as outlined above. Please see the attached proposal from DLZ, which includes a project location map. I look forward to discussing this further with you all at your June 15<sup>th</sup> meeting. Please contact our office if you have any questions or require additional information.

Thank you.

INNOVATIVE IDEAS EXCEPTIONAL DESIGN UNMATCHED CLIENT SERVICE

June 26, 2020

Mr. Rik Kowall, Supervisor Charter Township of White Lake 7525 Highland Road White Lake, Michigan 48383-2900

#### RE: Proposal for Professional Civil Engineering Services Civic Center Loop Pathway Project White Lake Township, Michigan

Dear Mr. Kowall:

DLZ Michigan, Inc. (DLZ) is pleased to submit this proposal to White Lake Township (TOWSNHIP) for professional engineering services related to the Civic Center Loop Pathway project.

The following agreement between DLZ and the TOWNSHIP is separate and distinct from any other agreement between DLZ and the TOWNSHIP.

DLZ will provide the following services to the TOWNSHIP in conjunction with the Civic Center Loop Pathway project. Per the TOWNSHIP's request, we have separated the fees to include both base and alternate bid fees. The base bid includes services related to the pathway along Elizabeth Lake Road and Teggerdine Road, while the alternate includes additional services related to the pathway along M-59. Please refer to Exhibit B for limits of the proposed base and alternate bid services.

#### SCOPE OF SERVICES

#### A. Design Development, Construction Documents, and Bidding Phases Services

- DLZ will complete a topographic survey of the project corridor from center line of the roadway to rightof-way (ROW) including locating visible utilities.
- DLZ will make a recommendation on the final design of the proposed pathway and ADA ramps.
- DLZ will prepare a complete set of drawings for pathway construction.
- DLZ will prepare specifications for bidding.
- DLZ will coordinate with appropriate governmental agencies and obtain necessary permits to complete the project.
- DLZ will prepare an opinion of probable cost for the proposed construction.
- DLA will assist in taking bids and make a recommendation as to the lowest responsible bidder.
- DLZ will attend a pre-bid meeting and prepare meeting minutes and participate in the bidding process.

INNOVATIVE IDEAS EXCEPTIONAL DESIGN UNMATCHED CLIENT SERVICE

#### **B.** Construction Phase Services

- DLZ will organize and attend a preconstruction meeting and prepare minutes of the meeting.
- DLZ will review shop drawings/submittals.
- DLZ will perform construction staking for the project, including grading limits, pathway alignment (horizontal and vertical), and Americans with Disabilities Act (ADA) ramps.
- DLZ will provide full-time inspection of the project, while major work is being performed. DLZ staff will keep records of all work activity in Daily Field Observation Reports and track all work items.
- DLZ will complete material Testing in accordance with MDOT requirements.
- DLZ will review and advise the TOWNSHIP on pay quantities and pay applications.
- DLZ will review contractor's compliance with general contract requirements.
- DLZ will provide weekly updates to the TOWNSHIP and assist the TOWNSHIP with resolving any complaints or concerns that arise during construction.
- DLZ will provide as-built information for the final project construction.

#### MATTERS OF UNDERSTANDING

- It is DLZ's understanding that should the TOWNSHIP wish to complete the design of the 8-foot wide pathway along M-59, that portion of the project would be bid as an alternate.
- It is DLZ's understanding that the existing crosswalks crossing M-59 will be maintained and the proposed pathway will tie into these existing ADA ramps.
- It is DLZ's understanding that the intersection of Teggerdine Road and Elizabeth Lake Road will be reconstructed soon, and the proposed pathway design will account for the intersection realignment.

#### TERMS AND CONDITIONS

The Standard Terms and Conditions, as set forth as attached Exhibit A, are incorporated here into and made a part of this Work Order Proposal. The Client referred to in the Standard Terms and Conditions means the Charter Township of White Lake.

#### PROFESSIONAL FEE

- For **Base Bid** DLZ design services related to Teggerdine and Elizabeth Lake Road pathways described in **SECTION A** of the **Scope of Services**, DLZ proposes to charge, and the Township agrees to pay a Not to Exceed Fee of **\$35,000.00**.
- For Alternate DLZ design services related to the M-59 pathway described in SECTION A of the Scope of Services, DLZ proposes to charge, and the Township agrees to pay a Not to Exceed Fee of \$20,000.00.
- For **Base Bid** DLZ construction engineering services related to Teggerdine and Elizabeth Lake Road pathways described in **SECTION B** of the **Scope of Services**, DLZ proposes to charge, and the Township agrees to pay a Not to Exceed Fee of **\$29,500.00**.

INNOVATIVE IDEAS EXCEPTIONAL DESIGN UNMATCHED CLIENT SERVICE

- For Alternate DLZ construction engineering services related to the M-59 pathway described in SECTION B of the Scope of Services, DLZ proposes to charge, and the Township agrees to pay a Not to Exceed Fee of \$18,000.00.
- The design and construction fees are based on a total project construction estimate of **\$560,000** and a three (3) to four (4) month construction schedule.
- Invoices will be rendered monthly based on the actual hours expended multiplied by the rate shown on the Exhibit B Rate Schedule of Fees for the classification of the individual providing services to the TOWNSHIP.

DLZ and its employees comply with all coronavirus protocols and guidelines, including all updates and revisions thereto, issued by the States in which DLZ provides services and the U.S. Centers for Disease Control and Prevention (CDC). DLZ time and expense for additional safety protocols or training required by the Charter Township of White Lake or its representatives are not included in this proposal and will be invoiced at DLZ's standard rates.

Neither Party will be responsible or liable for delays caused by persons, events, or circumstances for which the Party, its employees, subcontractors, and subconsultants are not responsible including, but not limited to, Acts of God including delays attributable to the coronavirus pandemic.

If you approve and accept this Proposal, please sign, date and return one copy of this Proposal for our records. Should you prefer to issue a Purchase Order as your official acceptance, we request that you reference this Proposal in your paperwork.

DLZ appreciates the opportunity to submit this Letter Agreement for professional services. This offer will remain open for acceptance for 60 days. If for any reason you should have questions, please do not hesitate to call Michael Leuffgen, P.E. at (248) 681-7800.

Respectfully, DLZ MICHIGAN, INC.

Terry E. Biederman, PE Vice President

#### EXHIBIT A DLZ'S STANDARD TERMS AND CONDITIONS

INVOICES AND PAYMENT: Unless the parties have agreed 1. otherwise, DLZ will submit monthly invoices to CLIENT for services performed in the prior month. Except to the extent CLIENT disputes in good faith all or a portion of a DLZ invoice, CLIENT will pay DLZ the invoiced amount within thirty (30) days from the date of the invoice; and, in default of such payment, agrees to pay all cost of collection, including reasonable attorney's fees, regardless of whether legal action is initiated. Invoiced amounts not in dispute will accrue interest at eight percent (8%) per annum after they have been outstanding for over thirty (30) days. If an invoiced amount not in dispute remains unpaid sixty (60) days after the date of the invoice, DLZ may, upon giving seven (7) days written notice of its intent to do so, suspend all project services until all unpaid invoiced amounts not in dispute are paid in full. If an invoice remains unpaid ninety (90) days after the date of the invoice, DLZ may, upon giving seven (7) days written notice of its intent to do so, declare CLIENT to be in breach of this agreement.

2. <u>CONSTRUCTION SERVICES</u>: If DLZ's scope of services includes providing professional services during the project's construction phase, DLZ will not have control over or be responsible for contractor means, methods, techniques, sequences, procedures, or schedule, or the contractor's failure to comply with the construction contract documents or applicable laws, ordinances, rules or regulations. If DLZ provides construction inspection or observation services, DLZ will report to CLIENT all contractor deviations from the construction contact documents that come to DLZ's attention. However, such services are solely intended to enable DLZ to maintain familiarity with, and keep CLIENT informed of, the general progress and quality of the contractor's work, and not to require DLZ to perform exhaustive inspections of contractor work for its compliance with the construction contract documents, which shall remain solely contractor's responsibility.

**3.** <u>CHANGES IN REQUIREMENTS</u>: In the event additional services are required due to a change, after the date of this agreement, in CLIENT's requirements, or in the applicable law, standards, or governmental requirements or policies, DLZ will be entitled to additional compensation for such additional services.

**4.** <u>SURVEY STAKING</u>: If DLZ's scope of services includes survey layout, DLZ will not be responsible for subsequent disturbances of its layout except to the extent caused by DLZ or persons for whom it is responsible.

5. <u>MISCELLANEOUS EXPENSES:</u> Except to the extent otherwise provided in this agreement, CLIENT is responsible for all third-party fees and charges including, without limitation, fees and charges for inspections, zoning or annexation applications, assessments, soils engineering, soils testing, aerial topography, permits, rights-of-entry, bond premiums, title company charges, blueprint and reproduction costs, and all other third-party fees and charges.

**6.** <u>CHANGE OF SCOPE</u>: DLZ's scope of services in this agreement is based on facts known at the time of execution of this agreement, including, if applicable, information supplied by CLIENT. DLZ will promptly notify CLIENT in writing of any perceived changes to its scope of services required by new information or by persons or circumstances beyond DLZ's control, and the parties shall negotiate modifications to this agreement before DLZ begins performance of the revised scope.

**7. SAFETY:** DLZ will take reasonable steps to protect the safety of its employees, and to perform its services in a safe manner. DLZ is not responsible for project safety other than with regard to its own services.

8. <u>REUSE OF PROJECT DELIVERABLES</u>: CLIENT's use of any project documents or DLZ deliverables, including electronic media, for any purpose other than that for which such documents or deliverables were originally prepared, or alternation of such documents or deliverables without written verification or adaption by DLZ for the specific purpose intended, will be at CLIENT's sole risk.

9. <u>OPINIONS OF CONSTRUCTION COST</u>: Any opinion of construction costs prepared by DLZ is supplied for the general guidance of the CLIENT only. Since DLZ has no control over competitive bidding or market conditions, DLZ cannot guarantee the accuracy of such opinions as compared to contractor bids or actual cost to CLIENT.

**10. INSURANCE**: During the performance of its services and for two years thereafter, DLZ will maintain the following minimum insurance coverage: <u>General Liability</u>- \$1,000,000 per occurrence, \$2,000,000 general aggregate, \$2,000,000 products/completed operations aggregate, \$1,000,000 personal/advertising injury aggregate; <u>Automobile Liability</u>-\$1,000,000 combined single limit; <u>Workers Compensation and Employers Liability</u>- in conformance with statutory requirements, and \$1,000,000 employers liability; and <u>Professional Liability</u>- \$2,000,000 per claim and in the aggregate. Certificates evidencing such coverage will be provided to CLIENT upon request. If DLZ is providing construction phase services, CLIENT agrees to require its contractor to include DLZ as an additional insured on the contractor's General Liability and Automobile Liability insurance policies, and DLZ's above-listed coverage will be excess over the contractor's coverage, which will be primary.

**11. INDEMNITY**: To the fullest extent permitted by law, each of the parties agrees to indemnify and save harmless the other party from and against all liability, damages, and expenses, including reasonable attorney's fees, sustained by the other party by reason of injury or death to persons or damage to tangible property, to the proportionate extent caused by the negligent acts or omissions of the indemnifying party or its employees.

12. <u>CONSEQUENTIAL DAMAGES:</u> Neither party will be liable to the other for consequential, special, incidental, indirect, liquidated, or punitive damages.

**13.** <u>LIABILITY</u>: No employee of DLZ or of its parent, subsidiary, or affiliated companies will be personally liable to CLIENT. DLZ's total liability to CLIENT, and any coverage of CLIENT as an additional insured under any of DLZ's insurance policies, for injuries, claims, losses, expenses or damages arising out of DLZ's services or this agreement from any causes including, but not limited to, DLZ's negligence, error, omissions, strict liability, or breach of contract, will not exceed the total compensation received by DLZ under this agreement.

**14. DISPUTES:** Any claim or controversy arising out of or relevant to this agreement, or the breach thereof, shall be settled by binding arbitration in the state in which the project is located, in accordance with the rules of the American Arbitration Association, and judgment upon any award rendered by the arbitrator(s) may be rendered in any court having jurisdiction thereof.

**15. STATUTE OF LIMITATIONS:** The parties agree that the time period for bringing claims regarding DLZ's Service's under this agreement expires on the earlier of one year after completion of the project, or two years after completion of DLZ's project services.

**16.** <u>DELAYS:</u> DLZ is not responsible for delays caused by persons or circumstances for which DLZ is not responsible.

**17.** <u>SHOP DRAWINGS:</u> If DLZ's scope of services includes reviewing shop drawings, such reviews are solely with regard to their general conformance with the design concept, and not for the purpose of reviewing or approving their accuracy, completeness, dimensions, quantities, constructability, compatibility with other construction components, or compliance with the requirements of the construction contract documents, all of which remain the contractor's responsibility. DLZ is not responsible for reviewing or approving the contractor's safety precautions or construction means, methods, sequences or procedures.

**18.** <u>ACCEPTANCE:</u> Both parties will consider DLZ's initiation of services prior to execution of this agreement in order to accommodate CLIENT, at CLIENT's request, as CLIENT's formal acceptance of all of the terms and conditions in this agreement.

**19. STANDARD OF CARE:** DLZ will perform its services with the care and skill ordinarily exercised by members of its profession currently practicing under similar conditions in the same locale. DLZ does not make, and expressly disclaims, any other warranties, express or implied, relating to its services including, without limitation, warranties of merchantability and fitness for a particular purpose. DLZ shall be entitled to rely on all CLIENT-provided information except to the extent otherwise stated in the agreement.

#### RESOLUTION AUTHORIZING PUBLICATION OF NOTICE OF INTENT TO ISSUE CAPITAL IMPROVEMENT BONDS RESOLUTION # 21-021

At a special meeting of the Township Board of the Charter Township of White Lake, County of Oakland, State of Michigan, held electronically via Zoom in accordance with the Open Meetings Act, Public Act 267 of 1976, as amended, on the 15<sup>th</sup> day of June 2021 at 7:00 p.m. with those present and absent being,

| The fc   | bllowing resolution was offered by | and seconded by |
|----------|------------------------------------|-----------------|
| ABSENT:  |                                    |                 |
|          |                                    |                 |
| PRESENT: |                                    |                 |

:

WHEREAS, the Charter Township of White Lake (the "Township") proposes to issue its tax-exempt bonds (the "Bonds") to finance the cost of acquiring and constructing water supply system improvements for the Township consisting of, but without limitation, (i) the extension of the Township's water supply system approximately 11,700 feet south on Bogie Lake Road from the intersection with Highland Road in order to supply water Huron Valley Schools facilities located on Bogie Lake Road between Cedar Island Road and Lake Haven Drive in the Township, and (ii) installation of iron filtration process equipment, facilities, and related appurtenances necessary to treat 2,000 gallons of groundwater per minute at the existing Aspen Meadows well house in the Township (collectively, the "Project"); and

WHEREAS, it is anticipated that the Township may advance all or a portion of the costs of the Project prior to the issuance of the Bonds, such advance to be repaid from proceeds of the Bonds upon the issuance thereof; and WHEREAS, Section 1.150-2 of the Treasury Regulations on Income Tax (the "Reimbursement Regulations") specifies conditions under which a reimbursement allocation may be treated as an expenditure of bond proceeds, and the Township intends by this resolution to qualify amounts advanced by the Township to the Project for reimbursement from proceeds of the Bonds in accordance with the requirements of the Reimbursement Regulations.

BE IT RESOLVED by the Township Board of the Charter Township of White Lake, Oakland County, Michigan, as follows:

1. The Township hereby declares its official intent to issue its capital improvement bonds in the aggregate principal amount of not to exceed \$8,000,000 to finance the costs of the Project. The Township hereby declares that it reasonably expects to seek reimbursement for its advances to the Project as anticipated by this resolution. The bonds shall be authorized by proper proceedings subsequent to this resolution.

2. The Township Clerk is hereby instructed to publish the notice attached hereto once in a newspaper of general circulation in the Township, which notice shall not be less than <sup>1</sup>/<sub>4</sub> page in size in such newspaper.

3. The firm of Dickinson Wright PLLC is hereby appointed as bond counsel to the City, and Bendzinski & Co., Municipal Finance Advisors, is hereby appointed as the City's registered municipal advisor in connection with the issuance of the Bonds.

4. All resolutions and parts of resolutions insofar as they may be in conflict herewith are hereby rescinded.

YEAS:

NAYS:

STATE OF MICHIGAN ) )ss COUNTY OF OAKLAND )

I hereby certify that the foregoing is a true and complete copy of a resolution adopted at a regular meeting of the Township Board of the Charter Township of White Lake, Oakland County, Michigan, held on June 15, 2021, the original of which is on file in my office. I further certify that notice of said meeting was given in accordance with the Open Meetings Act.

IN WITNESS WHEREOF, I have hereunto affixed my official signature this 15, day of June 2021.

Anthony L. Noble, Clerk Charter Township of White Lake

#### *Note: This notice must be not less than ¼ page in size in the newspaper.*

#### NOTICE OF INTENT TO ISSUE BONDS BY THE CHARTER TOWNSHIP OF WHITE LAKE, MICHIGAN

NOTICE IS HEREBY GIVEN, that the Charter Township of White Lake, Michigan, (the "Township") intends to issue capital improvement bonds in the aggregate principal amount of not to exceed \$8,000,000 for the purpose of defraying all or part of the cost of acquiring and constructing water supply system improvements for the Township consisting of, but without limitation, (i) the extension of the Township's water supply system approximately 11,700 feet south on Bogie Lake Road from the intersection with Highland Road in order to supply water to Huron Valley Schools facilities located on Bogie Lake Road between Cedar Island Road and Lake Haven Drive in the Township, and (ii) installation of iron filtration process equipment, facilities, and related appurtenances necessary to treat 2,000 gallons of groundwater per minute at the existing Aspen Meadows well house in the Township (collectively, the "Project").

The bonds will bear interest from their date at a rate or rates to be determined upon the sale thereof but in no event to exceed such rates as may be permitted by law.

The bonds will be issued under and pursuant to the provisions of Act No. 34, Public Acts of Michigan, 2001, as amended, and the full faith and credit of the Township will be pledged to pay the principal of and interest on the bonds as the same shall become due. The Township will be obligated, as a first budget obligation, to advance moneys from its general funds or to levy ad valorem taxes on all taxable property within its corporate boundaries to pay the principal of and interest on the bonds as the same shall become due; provided, however, that the amount of taxes necessary to pay the principal and interest on the bonds, together with the taxes levied for the same year, shall not exceed the limit authorized by law. The source of payment for the bonds includes revenues to be derived from the Township's water supply system and contractual

payments to be made by Huron Valley Schools to the Township pursuant to a Water Infrastructure and Service Agreement to be executed between the Township and Huron Valley Schools.

#### **RIGHT TO PETITION FOR REFERENDUM**

This notice is given, by order of the Township Board of the Charter Township of White Lake, to and for the benefit of the electors of the Township in order to inform them of their right to petition for a referendum upon the question of the issuance of the aforesaid bonds. The bonds will be issued, without submitting such a question to a vote of the electors, unless within 45 days after the date of publication of this notice a petition requesting a referendum upon such question, signed by not less than 10% or 15,000 of the registered electors residing within the Township, whichever is the lesser, shall have been filed with the undersigned Township Clerk. In the event that such a petition is filed, the bonds will not be issued unless and until the issuance thereof shall have been approved by the vote of a majority of the electors of the Township qualified to vote and voting thereon at a general or special election.

#### FURTHER INFORMATION

Further information relative to the issuance of said bonds, the purpose of the bonds and the subject matter of this notice may be secured at the office of the Township Clerk of the Charter Township of White Lake, 7525 Highland Road, White Lake, Michigan 48042.

This notice is given pursuant to the provisions of Act 34, Public Acts of Michigan, 2001, as amended.

Anthony L. Noble, Clerk Charter Township of White Lake

#### WHITE LAKE TOWNSHIP INTER-OFFICE MEMORANDUM

#### **COMMUNITY DEVELOPMENT DEPARTMENT**

**DATE:** May 7, 2021

- TO: Rik Kowall, Supervisor Township Board Members
- FROM: Sean O'Neil, AICP Planning Director

#### SUBJECT: Standford Holding LLC Rezoning Request

Property described as parcel number 12-29-476-006 (vacant parcel), located on the northwest corner of Bogie Lake and Cedar Island Road, consisting of approximately 45.5 acres, of which approximately 10.3 is proposed to be rezoned. The applicant is requesting to rezone the property from (AG) Agricultural to (R1-A) Single Family Residential or any other appropriate district.

The above matter was considered by the Planning Commission at their regular meeting of May 6, 2021, **at which time the Planning Commission recommended approval** of the proposed rezoning request. Draft minutes from the May 6, 2021 meeting will be emailed to you once available. Please find enclosed the following related documents:

- Draft minutes from the Planning Commission meeting held on May 6, 2021
- Memo from Sean O'Neil, White Lake Township Planning Director.
- Review letter prepared by the Township Planning Consultant, Mr. Chris Madigan, dated 04/22/21.
- Public Hearing Notice.
- Application from Mr. Thomas Thomasma

Please place this matter on the next available Township Board agenda. Contact me should you require additional information.

Chairman Anderson called the meeting to order at 7:00 p.m. and led the Pledge of Allegiance. Roll was called.

- ROLL CALL: Steve Anderson, White Lake, MI Peter Meagher, White Lake, MI Matt Slicker, Commerce, MI Rhonda Grubb – Secretary, White Lake, MI Mark Fine, White Lake, MI Joe Seward, White Lake, MI Debbie Dehart, White Lake, MI Scott Ruggles, White Lake, MI
- Absent: Merrie Carlock, White Lake, MI
- Also Present: Sean O'Neil, WLT Planning Director Sherri Barber, Recording Secretary
- Visitors: Mike Leuffgen (DLZ)

#### Approval of Agenda

Commissioner Meagher moved to approve the agenda as presented. Commissioner Fine supported and the MOTION CARRIED with a roll call vote: (Anderson – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Fine – yes; Seward – yes; Ruggles -- yes). 8 yes votes

#### Approval of Minutes

a. April 15, 2021

Commissioner Meagher moved to approve the minutes of April 15, 2021 as presented. Commissioner Grubb supported and the MOTION CARRIED with a roll call vote: (Anderson – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Fine – yes; Seward – yes; Ruggles -- yes). 8 yes votes

Call to the Public (for items not on the agenda)

Scott Shepherd (6500 Cedar Island) wanted to hear what was proposed for the rezoning of parcel 12-29-476-006.

#### **Public Hearing:**

a)

| Stanford Holding | LLC Rezoning   |
|------------------|--|
| Location:        | Property described as parcel number 12-29-476-006 (vacant parcel),   |
|                  | located on the northwest corner of Bogie Lake and Cedar Island Road, |
|                  | consisting of approximately 10.3 acres.                              |
| Request:         | Rezoning from (AG) Agricultural to (R1-A) Single Family Residential  |
|                  | or any other appropriate district.                                   |
| Applicant:       | Stanford Holding LLC   |
| Deed holders:    | Stanford Holding LLC   |

Mr. O'Neil wanted to hit the highlights on the McKenna letter. Only 10.3 acres of the 45 acres are being proposed right now. The Southerly strip is proposed to be rezoned from AG to R1-A. They want to make 8 large acreage parcels in that area. The property is surrounded by similarly zoned property, or more dense zoning. The proposed homes should accommodate the traffic. He would recommend that the traffic study be waived. This does not create an unplanned spot zone. Mr. O'Neil wanted to mention that there was a question about utilities. The homes would be served by septic and well.

Tom Thomasma was in attendance on behalf of Stanford Holding LLC. He stated that they are looking to split off 8 one acre lots for the purpose of building single family residential R1A zoned homes.

Commissioner Anderson opened the public hearing at 7:17 p.m.

Mr. Shepherd (6500 Cedar Island) lives across the street and wondered if they would do anything for barriers along Bogie Lake to mitigate the traffic noise?

Autumn Gibson (1211 Bogie Lake Road) wanted to comment that her biggest concern is that eventually there will be another neighborhood there. There is already a lot of traffic and accidents. The school zone gets backed up and it's hard to get out of their neighborhood. She moved from Livonia and they don't want to lose the natural areas of White Lake.

Commissioner Anderson closed the public hearing at 7:24 p.m.

Commissioner Dehart didn't see the width for the access. It is on Exhibit B-1 in the agenda. It does meet the land division act. Commissioner Ruggles asked when he would start the homes. Mr. Thomasma would like to start this fall. Thomasma doesn't know what the future development may be on the remaining acres. In reference to the traffic concerns, the 8 lots are 8 single family homes with the drives going to Cedar Island Road. Mr. O'Neil stated that he is showing 8 parcels, if he didn't fit the leg through, he could probably get 9 lots. The Township requires one acre parcels and he loses some with the road right of way. If this was zoned R1A he won't even be here, it's just changing the zoning.

Commissioner Slicker noted that he's going for rezoning but we don't know if he has the splits. If he doesn't have the splits he wouldn't be able to create as many. Will he be required to put sidewalks in? The sidewalk ordinance doesn't apply to individual metes and bounds parcels. Mr. O'Neil noted

that we have had interaction with the ITC corridor and they are pretty responsive. Mr. Leuffgen noted that they have to get approvals and possibly a maintenance easement. The insurance requirement was pretty significant in agreements with the ITC previously. Commissioner Slicker doesn't like the stub roads. Mr. O'Neil would like to see if we could leave the opening closer to the ITC and intersect Caya Way.

Commissioner Anderson noted that it meets the master plan, the traffic plan for 8 homes is small and you can consider the recommendation to waive that traffic plan because it's such a small area.

Mr. O'Neil wanted to note that the neighborhoods to the west have sidewalks and its important for kids walking to school. It would be very much appreciated and he encourages Mr. Thomasma to put sidewalks in. Mr. Thomasma stated that he will take it under consideration. Commissioner Anderson stated that the sidewalks would be good for the Township.

Commissioner Ruggles moved to recommend to the White Lake Township Board of Trustees the approval of the rezoning of the property described as parcel number 12-29-476-006 (vacant parcel), located on the northwest corner of Bogie Lake and Cedar Island Road, consisting of approximately 10.3 acres from (AG) Agricultural to (R1-A) Single Family Residential. Subject to all Planning Department and consultant comments and the waiver of the traffic plan. Commissioner Dehart supported and the MOTION CARRIED with a roll call vote: (Anderson – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Fine – yes; Seward – yes; Ruggles – yes). 8 yes votes

This will be forwarded to the Township board for the first reading.

#### Old Business:

No old business.

#### **New Business**

| a) | Lakepointe |   |                |
|----|------------|---|----------------|
|    | Location:  | Located on the northeast corner of Union Lake Road an | d Carpathian,  |
|    |            | consisting of approximately 13.32 acres. The property | is currently   |
|    |            | zoned PD (Planned Development). Identified as parcel  | numbers 12-36- |
|    |            | 177-002 and 17-36-177-003.                            |                |
|    | Request:   | i) Final Site Plan                                    |                |
|    |            | ii) Planned Development Agreement                     |                |
|    | Applicant: | Fairview Construction Company                         |                |
|    |            |   |                |

Mr. Leuffgen referenced his letter and noted that they recommend approval with other agency approvals. This development is tied into West Valley across the street.

Commissioner Slicker noticed in the detention calculations that it drains to the north, not the ultimate outlet. He wanted to make sure he checked the outlet downstream. They designed Lakepointe site to detain water on site. Originally it was proposed as retention, now detention with outlet through West Valley. They acquired the adequate discharge permits through EGLE.

Commissioner Anderson asked if the water flow was going to be underneath Union Lake, and that is correct. How do they manage that? Is it a situation that won't affect the traffic flow? All utilities are bore and jack or directional, with no road closures. How far below the road surface? It's a

minimum of three feet of cover. The northeast side of Union Lake Road doesn't currently have drainage and it floods, this will resolve the flooding.

Commissioner Meagher saw some unresolved items from Mr. Leuffgen's letter. One of the items was a comment about a bypass lane and it was not needed.

Commissioner Slicker asked about the sidewalk layouts. The layout was the only way they could make them ADA compliant and extend them to the sidewalks along the road. ADA requires maximum longitude slope of 5%. He feels the sidewalk is pushing people towards walking in the road. Mr. Furnari will pay \$ 2,050 toward the sidewalk fund since they were unable to connect to Independence Village. The sidewalks would have to comply and probably have a landing on the other side of the road. Mr. Emerine said that they were asked to do this about two years ago. On the final construction site plan we'll make sure it's compliant.

Mr. O'Neil presented the McKenna letter. One item has to do with a deficiency in plantings. There is some existing vegetation. They are short shrubs and planting trees and perennials in place. Mr. O'Neil has no objection to that. There is no street lights, they are proposing coach lights. They proposed this across the street at West Valley. The applicants have indicated that they intend to meet all the requirements.

Commissioner Dehart still has an issue with the bypass lane. The traffic is horrendous and she thought we said that we wanted a traffic study. Is there anyway to alleviate the turning issues without putting in the turn lane? Mr. Emerine noted that they spoke with someone who is very familiar with the traffic study. The level of service did not change per her study. She did the analysis showing that the level of service didn't change and also included West Valley. Commissioner Anderson took issue with the study. We have passing lanes on Elizabeth Lake Road and other areas where the traffic is less than Union Lake Road. He felt she couldn't validate why we have turning lanes in other areas. Commissioner Anderson noted that we definitely have some concerns about this. Mr. Leuffgen stated that we reviewed the assessment and checked the numbers, they did not disagree with the numbers.

Mr. O'Neil noted that the Community Impact Study is required to document the impact of intensive developments. A Meijer would be intensive. This is the same level of intensity as the development across the street. It didn't seem equitable. Commissioner Meagher asked if the issue for the Community Impact Study is the time it takes or the cost, it's probably both. Commissioner Anderson asked if the other subdivisions and developers don't have a problem with this. Mr. Emerine can't speak to that.

Mr. Emerine can go into the CIS for some items, but he will defer others to Mr. Furnari. Mr. Furnari stated that we think we're providing a unique property keeping active adults and empty nesters in your community. It is a product that is lacking in a lot of communities. Financially it is a multi million dollar property. We're bringing utilities along Union Lake Road. These studies are typically for larger developments. Typically you don't need it for a 69 unit development.

Commissioner Grubb wanted to comment that she has concerns about traffic and people having to wait for people to turn in front of them. She doesn't have a problem with the landscape deficiencies.

Commissioner Slicker asked if the RCOC has looked at the whole corridor and looked at the acceleration/deceleration lanes. Mr. O'Neil doesn't know, he doesn't meet with them regularly.

He's a little disappointed they didn't require it. These two projects are at the tail end of decades worth of development with little attention paid to cars. This project probably doesn't have an opportunity to make it any better or any worse. Commissioner Anderson asked if we can do anything about a bypass lane. Mr. O'Neil noted that if we were concerned about it, we should have dug in on this at the very first meeting and this puts us in an odd spot that the RCOC says we don't have to do it.

Mr. Leuffgen went over his letter dated 4-23-21 for the development agreement. They defer to the Township attorney for agreement language. They recommend a joint maintenance agreement between West Valley and Lakepointe, West Valley is critical to Lakepointe. Mr. O'Neil discussed the McKenna review letter and the attorney review. Mr. O'Neil noted that in the future if they did condos, they would need a private road agreement. If the applicant agrees to conditions of the letter, we'll be in good shape for the development agreement. Mr. O'Neil wanted to note that there was discussion about community benefit and Mr. Furnari agreed to make a \$ 5,000 contribution to Parks fund and \$2,050 to the sidewalk fund. We need to have final action on the site plan and the planned development agreement.

Mr. Emerine wanted to comment that they have revised the planned development agreement and everything has been addressed. The development schedule comment will be addressed. Commissioner Slicker wanted to ask about the clubhouse being built as part of the site plan, it has to be built per the site plan.

Commissioner Meagher moved to recommend to the White Lake Township Board of Trustees the approval of the Planned Development agreement for Lakepointe. The approval will include the waiver of the Community Impact Study and is subject to all Planning Department and consultant comments. The development agreement will include a \$5,000 contribution to the Park Fund and a \$2,050 contribution to the sidewalk fund. Commissioner Dehart supported and the MOTION CARRIED with a roll call vote: (Anderson – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Fine – yes; Seward – yes; Ruggles – yes). 8 yes votes

Commissioner Meagher moved to recommend that the Planning Commission approve the Final Site Plan for Lakepointe. The approval is subject to all Planning Department and consultant comments. Commissioner Fine supported and the MOTION CARRIED with a roll call vote: (Anderson – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Fine – yes; Seward – yes; Ruggles -- yes). 8 yes votes

#### Liaison's Report

Commissioner Grubb reported that Parks and Recreation will have a meeting next Wednesday, May 12<sup>th</sup>.

Trustee Ruggles reported that the White Lake Township board of trustees met twice since the last Planning Commission meeting. They will meet in person for the next meeting. At the last meeting the board recommended to approve River Caddis as our developer to work together for the Civic Center Development Committee. Trustee Ruggles thanked everyone for their time with the CCDC. He respects the committee decision when they put in so much time. The Fee Ordinance was updated. The Township entered into a contract with our new Fire Chief, John Holland. Supervisor Kowall read a resolution about May being mental health awareness Month. Commission Dehart noted that the ZBA meetings have run quite long lately. They go through the state standards on each case to make sure each case meets the state standards.

#### Planning Consultant's Report

Mr. Leuffgen reported that the Bogie Lake north sanitary sewer project is nearing an end. The plans are in for Aspen Meadows iron filtration. The plans are in for permits to bring water to the Huron Valley Schools complex.

#### **Director's Report:**

Mr. O'Neil reported that last weekend a few people were out at 4 Corners for a temporary Certificate of Occupancy for 8030 Wadi for the 1<sup>st</sup> and 2<sup>nd</sup> floor. 4 Corners has about 8 units rented out. They are a few months behind on 8020 Wadi and it looks pretty good exterior wise. The Preserve at Hidden Lake determined townhouses won't be in their best interest and they will go to a duplex concept for the north end. The townhouses have lots of stairs and probably are not widely embraced in White Lake Township. They are reducing units. Mr. O'Neil noted that the development at the old Ruggles farm lot will probably not be successful unless they incorporate the vision of the Planning Commission and CCDC. New Hope is making progress and working on a storm water issue. Centerpointe Plaza nearing completion and looking for tenants. We hope they get finished and tenanted out. Construction costs are so high right now, but we remain optimistic.

Trustee Ruggles wanted to note that Township board didn't see anything impressive with the plans for the corner of M-59 and Elizabeth Lake Road.

#### **Other Business:**

None.

#### **Communications:**

Mr. O'Neil noted that there is a 50/50 chance of having either of the next two meetings.

| Next Meeting Dates: | May 20th, 2021 |  |
|---------------------|----------------|--|
|                     | June 3rd, 2021 |  |

Adjournment:

Commissioner Meagher moved to adjourn the meeting at 9:08 p.m. Commissioner Fine supported and the MOTION CARRIED with a roll call vote: (Anderson – yes; Dehart – yes; Meagher – yes; Slicker – yes; Grubb – yes; Fine – yes; Seward – yes; Ruggles -- yes). 8 yes votes

# WHITE LAKE TOWNSHIP

### **COMMUNITY DEVELOPMENT DEPARTMENT**

| DATE:    | April 29, 2021                  |
|----------|---------------------------------|
| TO:      | Planning Commission             |
| FROM:    | Sean O'Neil, Planning Director  |
| SUBJECT: | Stanford Holding LLC - Rezoning |

When considering Stanford Holding LLC's rezoning request, please be aware that the map showing the rezoning location (included in the packet) more adequately depicts the area of the property being rezoned than the survey. If you look at Exhibit B2 in the packet there is a portion of Parcel A that is located between future Parcel C and Parcel D. This area will provide the larger "parent" parcel (Parcel A) with access to Cedar Island Road, but that small portion of Parcel A will be included in the request for rezoning from AG to R1-A. It will not have an impact on the applicant's future use of Parcel A, but it will "clean up" and clarify the zoning boundaries. Additionally, I do not believe that a traffic study is warranted for this rezoning request. The rezoning will likely result in a maximum of eight (8) new acreage parcels on Cedar Island Road. This will not impact the existing traffic volumes on the road. All drive way locations and permits will be approved by the Road Commission for Oakland County.

I look forward to discussing this further with you all on May 6<sup>th</sup> when we meet. Please contact me if you have any questions or require additional information.

Thank you.

# MCKENNA

April 22, 2021

Planning Commission Charter Township of White Lake 7525 Highland Road White Lake, MI 48383

- Subject: Proposed Rezoning of Tax Parcel No. 12-29-476-006 Agricultural (AG) to Single-Family Residential (R1-A)
- Applicant(s): Stanford Holding LLC

#### Location: Northwest Corner of Bogie Lake Road and Cedar Island Road

Dear Planning Commissioners:

We have received an application from the applicant referenced above to rezone part of tax parcel 12-29-476-0006, consisting of a 9.27 acre portion, of a larger 45 acre parcel from Agricultural (AG) to Single-Family Residential (R1-A). To the east west and south land is zoned residential, and to the north is a commercial use.

#### COMMENTS

1. **Existing Conditions.** The conditions of the site and the surrounding area are summarized below:

| Location | Existing Land Use | Master Plan         | Existing Zoning |
|----------|-------------------|---------------------|-----------------|
| Site     | Vacant            | Open Space Estates  | AG              |
| North    | Commercial        | Planned Residential | AG              |
| East     | Residential       | Residential Resort  | R1-C            |
| South    | Residential       | Open Space Estates  | SF              |
| West     | Residential       | Open Space Estates  | AG              |

- 2. **Zoning Ordinance.** Section 7.13 of the Zoning Ordinance provides standards for the review of rezoning proposals. The following review criteria are specified in Section 7.13 (A) through (N):
- a. Consistency with the goals, policies and future land use map of the White Lake Township Master Plan, including any subarea or corridor studies. If conditions have changed since the Master Plan was adopted, the consistency with recent development trends in the area. The Future Land Use map shows the site as Open Space Estates. Open Space Estates is intended to include preservation of significant natural resources and features, maintenance of established wildlife corridors, and protection of lakes and stream systems within a setting of large, suburban estate lots. Further the Master Plan notes that lots in this area Should be comprised of lots of .5 acres to 1 acre in size. At a minimum lot size of 1 acre, we find the requested district is in alignment with the Future Land Use Map and Master Plan.
- b. **Compatibility of the site's physical, geological, hydrological and other environmental features with the host of uses permitted in the proposed zoning district.** The site is presently vacant. It appears to be a reasonable module of land for single-family residential development.
- c. Evidence the applicant cannot receive a reasonable return on investment through developing the property with one (1) of the uses permitted under the current zoning. While no such evidence has been submitted, we observe that the request is consistent with the use and zoning of other properties adjacent to Bogie Lake Road in this area. Further, we note that the proposed district has a minimum lot size of 1 acre, while the existing district has a minimum lot size of five acres. Leaving the existing zoning district in place would drastically limit the number of single-family lots this property could be divided into.
- d. The compatibility of all the potential uses allowed in the proposed zoning district with surrounding uses and zoning in terms of land suitability, impacts on the environment, density, nature of use, traffic impacts, aesthetics, infrastructure, and potential influence on property values. The property to the north is a nonresidential use, while the rest of the surrounding area is dedicated to use as single-family dwellings. The requested district has a minimum lot area of 1 acre and does not represent a potential density that is inappropriate for the area.
- e. The capacity of the Township's utilities and services sufficient to accommodate the uses permitted in the requested district without compromising the "health, safety and welfare" of the Township We defer to the Township Engineer regarding this matter.

- f. The capability of the street system to safely and efficiently accommodate the expected traffic generated by uses permitted in the requested zoning district. A rezoning traffic study shall be prepared as described in Section 6.3, if required based on the standards of Section 6.3.B.i of the Zoning Ordinance. A rezoning traffic study ("RTS") is required if the proposal is either a) inconsistent with the Master Plan or b) involves other than residential down-zoning. his requirement can be waived if recent studies have been completed in the area and the study would be of little benefit. While we do not believe the rezoning will overburden nearby roads, the Planning Commission may find it beneficial to require the RTS.
- g. The apparent demand for the types of uses permitted in the requested zoning district in relation to the amount of land in the township currently zoned and available to accommodate the demand. The demand for single-family residential uses is apparent from the use of surrounding lands in the area.
- h. The boundaries of the requested rezoning district are reasonable in relationship to its surroundings, and construction on the site will be able to meet the dimensional regulations for the zoning district listed in the Schedule of Regulations. Though the property to the north is home to a nonresidential use, the other adjacent properties are residential areas. We find the requested district is reasonable for the area. Further the subject site is capable of being divided into lots which comply wit the district standards.
- i. The requested zoning district is considered to be more appropriate from the township's perspective than another zoning district. Though we believe there are other residential zoning districts which could also advance the goals of the open space estates. We find the R-1A district closely aligns with the listed open space estates densities and is the most appropriate potential district.
- j. If the request is for a specific use, is rezoning the land more appropriate than amending the list of permitted or special land uses in the current zoning district to allow the use? The applicant states that the expected use will be single-family dwellings. The use is permitted in both the existing and proposed district. It would not be appropriate to add any uses to the existing district.
- k. **The requested rezoning will not create an isolated and unplanned spot zone.** The subject site is largely surrounded by single-family residential uses. We be believe the requested district is appropriate for the area, and will not create an isolated or unplanned spot zone.
- I. The request has not previously been submitted within the past one (1) year, unless conditions have changed or new information has been provided. It is our understanding that this request had not been previously made.
- m. An offer of conditions submitted as part of a conditional rezoning request shall bear a reasonable and rational relationship to the property for which rezoning is requested. This standard is not applicable, as the application is not for a conditional rezoning.
- n. Other factors deemed appropriate by the Planning Commission and Township Board. If the Planning Commission or Township Board desire information on other considerations related to the proposal, we would be happy to assist them.

<u>Subject to receipt or waiver of a Rezoning Traffic Study</u>, we are comfortable recommending that the Planning Commission recommend that the Township Board approve the request to rezone the site from the AG district to the R1-A District for the following reasons:

- 1. The requested R1-A zoning district is consistent with the Master Plan and Future Land Use Map.
- 2. Rezoning the parcel to R1-A is compatible with the character of the surrounding area.
- 3. Rezoning the parcel to R1-A will not result in spot zoning.
- 4. The parcel is a reasonable module of land for single-family residential development.

If you have any questions about this report or require additional information, please do not hesitate to contact us.

Respectfully submitted,

McKENNA

Statement of why Zoning Change is requested.

4-7-21

I am requesting a zoning change for 8 lots we are splitting off from parent parcel #12-29-476-006.

I am requesting that the zoning be changed from Agricultural to R-1A for those lots.

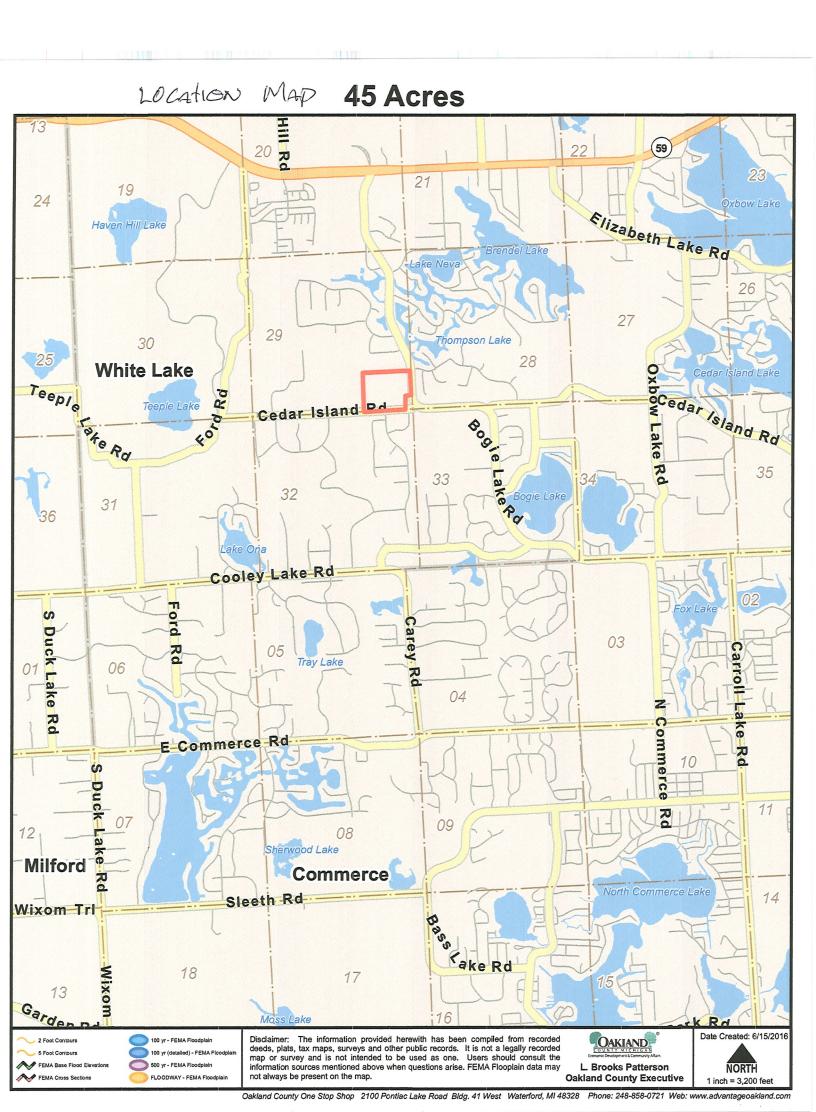

I intend to build homes on those lots therefore I need a residential zoning.

in

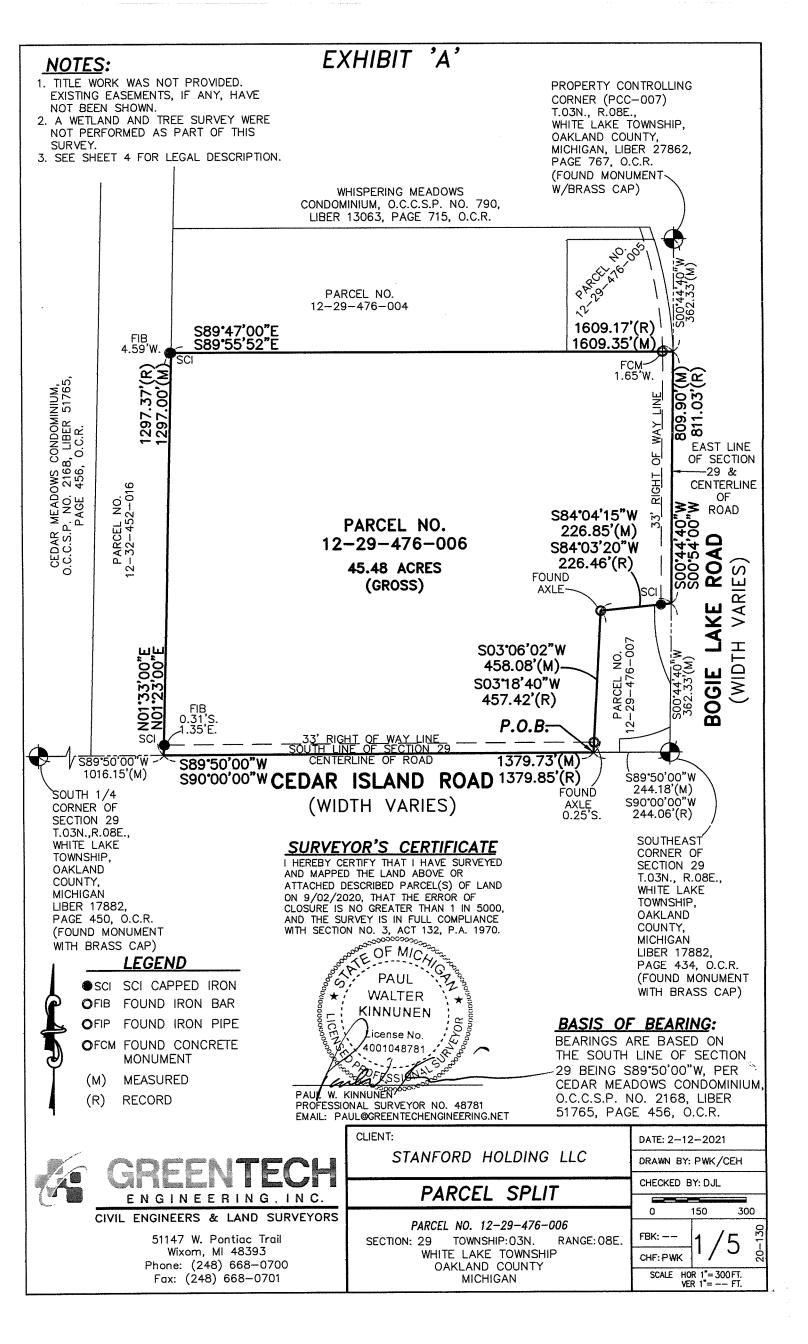

Thank You,

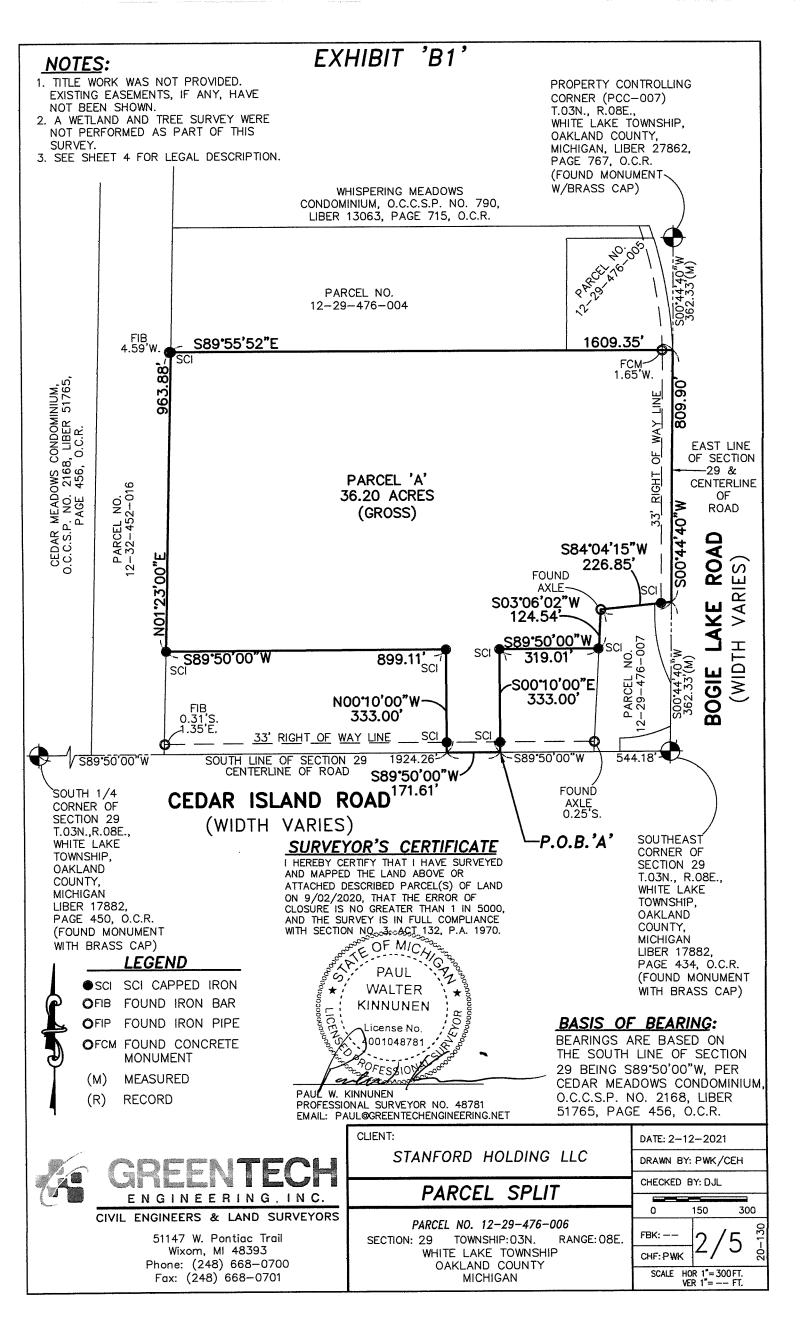

Tom Thomasma Stanford Holding LLC P.O. Box 758 Walled Lake, MI 48390

#### WHITE LAKE TOWNSHIP NOTICE OF ELECTRONIC PUBLIC HEARING PLEASE VISIT WWW.WHITELAKETWP.COM FOR PARTICIPATION INSTRUCTIONS

Notice is hereby given of an electronic public hearing by the White Lake Township Planning Commission on **Thursday, May 6, 2021 at 7:00 P.M.** via Zoom, to consider the following changes to the zoning map:

A portion of property described as parcel number 12-29-476-006 (vacant parcel), located on the north side of Cedar Island Road, west of Bogie Lake Road, consisting of approximately 10.3 acres. Applicant for 12-29-476-006 is Stanford Holding LLC Deed holder is Stanford Holding LLC

# Applicant is requesting to rezone the property from (AG) Agricultural to (R1-A) Single Family Residential, or any other appropriate district.

Persons interested are requested to be present via Zoom. Pertinent information relative to this rezoning request is on file at the Township Community Development Department and may be examined at any time during regular business hours of 8 a.m. to 5 p.m. Persons interested may visit the Community Development Department, call 248-698-3300, ext. 163, or attend the Public Hearing via Zoom on the date specified. Written comments are also welcome at the address above. Individuals with disabilities requiring auxiliary aids or services should contact the Clerk's Office as least 5 days before the hearing.

Sean O'Neil, AICP Planning Director

PROPERTY PROPOSED TO BE REZONED.
